Summary

- Very Communicative, Hardworking and diligent worker. Will always put 100% effort into everything he does. Always wants to be better and is never afraid to hear critics about his work and will change whatever is possible. Passion for baseball goes above and beyond. Highly motivated all the time, and is highly praised by many teachers and professors and even outsiders not related to this field.
-

Experience

Giuntas Meat Farms- Cashier, August 2023-Current

- I have been working as a cashier at Giuntas Meat Farms in Bohemia, NY in Suffolk county for 2 years now. I have been highly regarded as one of the best cashiers at the Supermarket. I work hard 24/7 every time I come into work. I am a very hard worker and highly motivated employee. I give exceptional customer service all the time.

ISF Company (Inclusive Sports and Fitness)- Mentor, Summers Yearly, 2019-2022

- I volunteered my time with ISF every summer working with kids with special needs. At this camp, we played different sports each week and just hung out with each other. I did this because my brother, who has autism, gives me the ability to see more of what kids like him can and cannot do. Also allows the kids who don't have many friends to hangout with my kids and make them feel comfortable.

Virtual Enterprise- COO(Chief Operations Officer), September 2024-June 2025

- I worked as my company's COO called Evolve last year during my Senior Year of Highschool. My teacher hired me as the COO because he felt, along with the CEO, that I was the best man for the job and I felt like I proved that successfully. During this time,

we ran a virtual business with multiple different areas that I had to oversee. For example, I had to oversee the Marketing, Finance, Sales and IT Departments. We had our ups and downs as a company, but overall it was a really successful year. This was a great learning experience for me because it really shows how hard it is to work at the highest level in a company.

Connetquot High School Football Team- Statistics and Analytic Manager. September 2024-November 2024

- I worked as the Statistics and Analytics Manager for the Connetquot High School Football team during my Senior Year of Highschool. This was one of the best times of my life. I volunteered my time weekly for each game to write down and break down the analytics and Stats from each game. This allowed me to gain experience in Football even more than ever before.
