### **Pet Odor Neutralizer**

*OdorGone*<sup>®</sup> *Best in Show* **Pet Odor Neutralizer** is an environmentally responsible stand-alone odor neutralizer for pet professionals and pet owners of all kinds and breeds. OdorGone will neutralize the unlimited variety of noisome odors throughout the pet environment including skunk. OdorGone will complement the enzyme based stain removers and replace the perfume and fruity fragrant chemical masking agents available today. OdorGone and has a 100% satisfaction money back guarantee.

#### **GROOMERS, TRAINERS, BREEDERS, VETERINARIANS, KENNELS AND PET OWNERS**

OdorGone contains no enzymes, alcohols, perfumes, chemical masking agents or fruity fragrances. Our proprietary ingredients derived from a combination of botanicals or plant extracts give OdorGone its natural signature scent. Built into the molecules are weak points such that they are destroyed naturally after performing their task by "Eco-Degrading" to odor free biological inert fragments. OdorGone will neutralize itself along the unwanted odor leaving your environment odor free, or as we like to say... "Back to Natural"

OdorGone will neutralize all unwanted airborne, static, or imbedded odors almost instantly. With multi-purpose applications, OdorGone can be atomized, sprayed, squirted, sponged, mopped or poured to reach and neutralize the odor at its source. OdorGone is safe on carpet, fabric, upholstery, leather, vinyl, naugahyde, plastic, tedlar, rubber, woodwork, painted and unpainted surfaces, hardwood and tile floors, concrete and grass. Add OdorGone to cleaning solutions, laundry, carpet machines, humidifiers, power washers and the list goes on.

There are many odor control products available that claim to be the answer. In the end, they turn out to be spurious irritating cover ups, nauseating perfumes, expensive fruity fragrances or chemicals that may be unhealthy when used. Health conscious consumers demand safe, environmentally responsible products capable of handling the infinite variety of noisome odors that invade their quality of life. OdorGone is Safe Around People, Pets, and our Earth.

"OdorGone "Performs Where Others Fail"

# OdorGone® Best in Show

## Product Description

Environmentally Responsible professional strength, multi-purpose odor neutralizer for the Pet industry, eliminates airborne, static and embedded odors.

## Unique technology

Bonds with odor molecules to create a natural biodegradation process that permanently neutralizes odors by eco-degrading to biological inert fragments, leaving your environment completely odor free or as we like to say... "Back to Natural"

## Product Features

Non-toxic, bio-degradable, eco-degradable, water soluble, dilutable, natural ingredients, neutral pH,  
 No added scents, masking agents, oxidizing agents perfumes, or fruity fragrances  
 No hazardous chemicals, VOCs, enzymes, live bacteria, microbes, alcohol, or propellants

## Applications

Used worldwide; kennels, breeders, groomers, pet shops, pet accidents, skunked pets, litter boxes, pet carriers, bird cages, waste containers, dog runs, floors, walls, fabric, upholstery, carpet machines, recreational vehicles etc.

## Testing / Methods

No Animal Testing.

Effectively kills most bacteria within 15 minutes and prevents bacterial growth.  
 (using test method described in A.O.A.C. 12th edition)

Complies with Boeing D6-7127 Revision L, ASM 1550B and USDA - C1 classification.

Hydrogen Sulfide (H<sub>2</sub>S) removal efficiency 99.6%  
 (using test methods USEPA 1, 2, 3, 4, 11 and ASTM E-679)

## User Benefits

OdorGone Immediately eliminates an unlimited variety of malodors, and, within a few minutes, OdorGone's own scent of natural ingredients also disappears, leaving the environment odor free

Proven performance worldwide.

Environmentally Responsible; "Safe around People, Pets, and the Earth"

Not a cover-up, perfume, fragrance or masking agent; leaves the environment "Fresh, Clean, and Natural"

## Versatility

Can be atomized, sprayed, mopped, sponged, poured or squirted where needed.

Safe on carpet, fabric, upholstery, leather, naugahyde, vinyl, plastic, tedlar rubber, woodwork, painted and unpainted surfaces, concrete, hardwood and tile floors

Add to carpet machines and power washers, cleaning solutions, laundry, humidifiers and paint.

## Summary

There are many odor control products available that claim to be the answer, but most contain hazardous chemicals with questionable health risks or warnings when used. In the end they just turn out to be spurious irritating cover ups, nauseating perfumes or expensive fruity fragrances that soon wear off.

Today's consumers are extremely health conscious and demand safe, environmentally friendly products capable of handling the infinite variety of noisome odors that invade their quality of life.

**OdorGone™** is an environmentally responsible odor neutralizer that will maintain the high quality of your product line and support your reputation of using Environmentally Responsible products that exceed all expectations.

**OdorGone®** performs where others fail

### **Solutions & Dilutions**

**For all Pet Related Odors ... Anywhere ... Everywhere ... On Anything ... And Then Some  
Spray It ... Squirt It ... Sponge It ... Pour It ... Mop It  
No matter if its Skunk, Pee, Feces, Litter Boxes or Vomit, it still STINKS, and you want the *OdorGone®***

**Need Help? ...Give us a call 1-800-930-9227**

**Follow our Solutions & Dilutions and if you are not satisfied, we will give your money back.**

#### **Airborne**

Spray *OdorGone* freely in the air starting as high as possible.

#### **Clothing**

##### **Skunk or Tomcat Pee Soaked**

Add 4 oz. *OdorGone* per ½ gallon of water in bucket, soak clothing for 15 minutes, pour entire contents of *OdorGone* and clothing into washing machine add detergent and 2oz *OdorGone* and wash in a soak cycle. Add 2oz *OdorGone* to rinse cycle. (*Fabric softener dispenser work great.*)

#### **Bedding**

Add 2oz *OdorGone* to wash or rinse cycle. (*Rinse cycle works best ... Tip ... Use the fabric softener dispenser.*)

For stubborn odors, add 2 oz. to both wash and rinse.

#### **Furniture** (*For delicate fabrics spot test first*)

If its pee and it soaked into the fabric or ran down inside the furniture... Mix 1 part *OdorGone* with 2 parts water, use a squirt bottle with a pointed tip applicator, squirt the spot so the *OdorGone* can follow the path of the pee and neutralize the smell. Add 4oz *OdorGone* to ½ gallon cleaning solution, clean thoroughly and get as dry as possible then spray *OdorGone* full strength directly on spot let air dry...

#### **Carpets/Rugs/Upholstery/Vehicles** (*For delicate fabrics spot test first*)

If its pee and it soaked in below the padding or ran down inside a crack or cranny...Mix 1 part *OdorGone* with 2 parts water, use a squirt bottle with a pointed tip applicator, squirt the spot so the *OdorGone* can follow the path of the pee and neutralize the smell. Add 4oz *OdorGone* to ½ gallon cleaning solution, clean thoroughly and get as dry as possible then spray *OdorGone* full strength directly on spot let air dry...

#### **Hard Floors/Walls**

Clean up - spray and wipe - then spray and let dry... For large play areas mix (1 part *OdorGone* & 2 parts water) use a rag mop or garden sprayer and soak thoroughly, let dry. For daily mop out spray treat the hot spots and add couple of ounces to the mop bucket when you mop the whole floor.

#### **Steamers /Extractors/ Shampoo Machines**

Add 4oz. *OdorGone* per ½ gallon of cleaning solution... Pre-treat hot spots by spraying *OdorGone* full strength on every spot.

#### **Vehicles**

Spray *OdorGone* throughout entire vehicle including trunk or cargo area  
Spray *OdorGone* into H.V.A.C. system at air intake with system running on low.  
Spray *OdorGone* and wipe all washable surfaces

#### **Kennels – Dog Runs - Back Yard**

Use garden hose end sprayer attachment that will automatically mix *OdorGone* with the water and thoroughly soak down the skunk sprayed area.

## ***Best in Show***

**SKUNKED Plus... Anything Rover can roll in!!!**

**Surprise!... Got Skunked?... Pee On The Carpet?...or Worst .. Now What?... Skunk spray, and anything Rover rolls in is no problem for *OdorGone® Best in Show*... When your pet is skunked, it is not fun, it always happens when you least expect. Keep in mind not only does your pet get it so do you and anything they touch; collar, clothing, carpets, couch, car, etc... If you had this happen, you know exactly what I mean. The best thing you can do is hold your nose and pull out the *OdorGone® Best in Show*,**

**Need Help? ...Give us a call 1-800-930-9227**

**Follow our Solutions & Dilutions and if you are not satisfied, we will give your money back.**

**Everyday Doggy...wet dog... in-between baths etc...**

Just wet a washcloth and give your pet a good rubdown until fur is damp.

**Skunked Pet**

**Things you will need:**

***OdorGone® Best in Show***

Small Bucket: To soak collar, lead etc.

Squirt Bottle with a Pointed Tip Applicator: Most dogs do not like the sprayer and may become nervous. The pointed tip you can direct the *OdorGone* exactly where you need it without waste and will not frighten your pet.

Wash Cloth: To use on face, snout and ears and will help avoid getting any in your pet's eyes.

Clean Towels: 2 or 3

Pet Shampoo/Conditioner: To finish the job like a PRO

**Getting Started**

Spray *OdorGone* full strength to knock down the airborne skunk odor and improve working conditions.

Remove collar and place in small bucket. Mix 1 part *OdorGone* to 1 part water, soak until Odor is Gone.

With your pointed tip applicator squirt *OdorGone* full strength directly on skunked areas and work in thoroughly. Use washcloth for face, snout and ears. (*Avoid getting into eyes... it is like soap in your eye.*)

With your pointed tip applicator squirt *OdorGone* full strength and thoroughly work into the rest of your pets coat working from the top down. *OdorGone* does not take long to do its job so by the time you are finished working it in you can rinse your pet thoroughly.

Lightly towel dry from head to tail checking for any spot you may have missed double-checking the hot spots or areas that took the direct hit. Re-apply *OdorGone* to missed spots and rub in. (*Be careful and take your time, if you miss a spot the size of a dime you will still smell skunk*)

Use your favorite pet shampoo/conditioner and dry with a clean fresh towel.

**KISS YOUR PET ON THE HEAD AND GIVE FAVORITE TREAT!!!**

***If you get a whiff a few days later, or find a spot you may have missed, just wet a washcloth with *OdorGone*, squirt a little from your pointed tip applicator or spray from the bottle and rub out the odor.***

**Need Help? ...Give us a call 1-800-930-9227**

**Follow our Solutions & Dilutions and if you are not satisfied, we will give your money back.**
