Welcome to the Rogersville church of Christ!

We are so thankful that you have joined us this morning and we pray that you will engage in the worship service and Bible classes. Our desire is that everyone that enters this particular building enters with a mindset to offer God their very best in studying His word and worshipping Him together. This worship service is not about our entertainment, but rather about serving and worshipping the Lord our God in the manner He has put forth in His holy word.

This morning we will examine the responsibility of the church to her elders. There are ways in which the congregation can serve the elders even as the elders are serving the church. If either party neglects their responsibilities, they are subject to rebuke according to the word of God. This morning, we will simply examine how we the church can support and help the elders.

We pray that you will see it beneficial to join us again this evening at 5pm for another period of Bible study and worship. At that time, we will examine a story from the Old Testament concerning idolatry and notice the similarities that are unfortunately present in our own lives from time to time. I pray that you will rejoin us this evening and be prepared to study along as we examine this particular issue.

May God be glorified in all we do.
