1 pr

PLEASE READ: Rear cabin area must be free of debris and items prior to installation of Underseat Storage Box.

UNDERSEAT STORAGE BOX INSTALLATION

Lift the rear seat for installation of Underseat Storage Box. Be sure to clear any objects away from the area in which the Underseat Storage Box will be installed.

Install the Underseat Storage Box using the factory contours of the underseat area as a guide – the lip of the Underseat Storage Box will fit over the factory lip.

Small loose items can potentially roll around and become somewhat annoying. Simply place these items in a towel, blanket, or storage bag – roll them up and place in the Underseat Storage Box.

Close the lid of the UnderSeat Storage Box, and lock each lock with keys.

Underseat Storage Box installation is complete. Lower seat into place.
