7. Description Of Incident

065 (M2) sailing on starboard jib on the down wind leg, boat 7676 came in on port jibe, altered course to jib onto starboard, to closer to 065, causing 065 (M2) to alter course, before 7676 fully completed their jib. 7676 clearly made 065 (M2) alter her course due jibing to close.

Additionally we are protesting 7676 rating as the boat does not meet the ODR for rating. 7676 is not sailing with the standard engine configuration. Standard Melges 32 is rated with a fixed engine under the cockpit at 86 lbs. 7676 was observed using a smaller lighter outboard, stored below and temporarily mounted to the stern when in use.

8. Damage Or Injury
