Thank you for your time this evening and your assistance.

Based on the brief conversation we just had on zoom, which included the protest committee, boat 4 and boat 6, we understand that boat 6 did a penalty circle as a result of hitting us on while boat 6 was on port tack, while boat 4 was on starboard tack. As discussed, if there are any issues related to damage to boat 4 from this collision, we will be in communication and take boat 6 up on their offer to contact them regarding their liability.

As a result of this discussion we are withdrawing our protest from boat 6, we appreciate their candor and penalty circles due to fault and thank the protest committee for its time!

Best,

Lauren Toretta, boat 4
