7. Description Of Incident

On the second downwind of the 4th race, we were on a port tack with another boat directly beside us to windward. The jury boat was sitting in the middle of the downwind near the finish line. Just as we were approaching the finish, the jury accelerated forward into us, making contact with our starboard side. We headed up as much as possible to try and avoid, but the contact caused us to hit the boat above us and lose control of both our boat and our sails. Following the protest, we would like to request redress because we lost 4 places in the race due to the jury boat hitting us.

8. Damage Or Injury

Loss of 4 places in race 4
