

To: The Chairman of the National Jury  
2018 9er National Championships  
RQYS

Dear Sir

Re: Decision from Protests 2 & 3 heard 1750 on 27 December 2017

As a party to the above hearing, I hereby request a reopening of the above hearing on the grounds that the decision was incorrect in that there was no improper action by the Race Committee.

The process used on the RC Vessel at the start of Race 2 was correct in accordance with RRS 29.1, in that the race committee promptly displayed Flab X with one sound signal. It was through no error by the Race Committee that the flag was not visible from the pin end of the line, and it was through no error by the Race Committee that the Sound Signal was not heard at the pin end of the line.

If the equipment provided by the Organising Authority was inadequate for the purpose, the decision should indicate that any error should lie with the Organising Authority rather than the Race Committee.

We therefore request that the National Jury review the decision and reword the decision.

Yours Sincerely

Ross Chisholm

On behalf of the Race Committee.
