7. Description Of Incident

20 seconds before the start of the 3rd Race, we established overlap with Dark Star to leeward with a boat length of separation between the two boats. We began to turn to windward and continued to turn at a steady rate of turn. Dark Star never attempted to avoid contact and actually turned downward towards us. At this point to avoid contact we altered to leeward. At the point where we had to alter our course, we announced we were protesting them, to which they replied "fuck you, fuck you, fuck you" while giving us the middle finger.
