7. Description Of Incident

During equipment inspection of ST. ANNA RUS-501, after her finish of race 3, I noticed that the values of J and STL on her rating certificate were equal (4.50m) despite that she carries a bowsprit. Therefore, I proceeded with re-measuring both J and STL which were found to be J=4.50m, STL=5.26m. Hence, the boat does not comply with her certificate.
