

HEARING REQUEST
(continued)

For either a protest or a request for redress or reopening (if relevant)

Diagram Include wind and current (or continue the description of the incident and/or reasons)

→ avoid contact. Contact was made before Donkey Jack was head to wind. Hail was immediate. Flag was loose later as I was checking to make sure all crew were uninjured. It was obvious to all boats around that serious damage had resulted to Donkey Jack. As Donkey Jack was taking on water, and the port lifeline was rentured useless, we retired from the race.

We immediately sought temporary repairs which are being completed now and we hope to sail tomorrow. We are requesting redress for races 2 and 3 of today. If unable to sail tomorrow we will be requesting redress average points for race 4-6.
