

## HOW TO SPEAK TO LAW ENFORCEMENT

*Officer, my name is [give your real name].*

*Am I free to go?*

*If I am not free to go,  
please explain to me your probable cause for stopping me.*

*I politely refuse to give you any further information.*

*I do not consent to a search of me or my belongings,  
tent, vehicle, or camp.*

*Your best defense against citation or arrest may be politeness.*

Nothing requires you to incriminate yourself, and an officer may cite you for revealing any illegal behavior. If you wish to exercise your right to be silent, say so out loud.

## WHEN CAN THE POLICE STOP AND SEARCH ME?

1. Police may briefly stop to ask for your identity without probable cause of a crime.
2. Police may not require you to answer additional questions, detain or search you without either consent or probable cause.
3. Probable cause means an officer must be able to point to specific facts indicating criminal activity.
4. An officer may ask your consent to search you or your belongings.
5. Your refusal to give consent does not constitute probable cause for a search.

This is not legal advice. This is information discussing the general state of the law. We urge you to consult a lawyer for legal advice about a particular legal question or issue you may have. If you believe you are coerced into giving consent for a search, or that you are searched without probable cause, you may wish to contact the ACLU of Nevada at [www.aclunv.org](http://www.aclunv.org).

## LIBRARIAN THANK YOU!

Christopher "Xtopher" Cilley and Terry Grossman - we did it! Another amazing year together. Thank you for being partners in crime to make this magic happen! And thank you for the Time to Burn app iOS/Android that includes all eplaya submitted events AND the RSL Music Guide content.

## WE ARE LEAVING A LEGACY!

I can't say enough thank yous to ALL OF YOU who donated to last year's GoFundMe to bring clean water wells to the villages of Ghana AND get the guide designed and printed. We raised enough to fund 2.5 wells!

I never dreamed back then I'd get to travel to Ghana - which I did just a few short weeks ago - to celebrate the commissioning of these wells and learn so much more about the communities they are serving. I am humbled, grateful and inspired! Ask me about it!

THIS year let's fund the final, third well completely! Just \$20 funds one person's access to clean water for the lifetime of the well.

**TAKE CARE OF YOURSELVES!**

Burning Man is a lot of fun. It can also be incredibly taxing on your health. Combining Burning Man with what you choose to put in your body amplifies these issues, so Mitchell Gomez (he/him/his), the executive director of [dancesafe.org](http://dancesafe.org) put together some safety tips for all of you out there!

Visit Queerdome @ Comfort & Joy Village, *7:30 & D* if you feel have overdone it. A queer-centered peer support (the Zendo model of psychedelic harm reduction)  
 THURS 4pm - MON 8AM.

**HYDRATE AND REPLENISH ELECTROLYTES**

Dehydration and heatstroke are real. Drink at least one bottle of water / hour and supplement with electrolytes. Be careful not to drink too much water alone as this can cause hyponatremia, which can be just as dangerous. Always know what you put in your body, to prevent any unintentional consequences.

**CHILL OUT AND TAKE A BREAK**

Dancing and exhausting your body for several hours can result in dehydration or heat exhaustion. Be sure to take a break and cool down regularly.

**USE PROTECTION**

We all know we are more likely to engage in sexual activity when out with our friends in a social environment. Safe is sexy! You can pick up condoms from most ranger stations, at our harm reduction supply station outside of Fomogenesis, or at Camp Neverrest.

**PROTECT YOUR HEARING**

Sound levels at sound camps can be as high as 115+ decibels, which can cause damage within a few seconds. You can pick up free earplugs on-Playa outside of Fomogenesis *2:30 & Ganymede*, or at Camp Neverrest *2:00 & Diana*.

**LOOK OUT FOR OTHERS**

If you see someone having a difficult time or who looks like they need help, ask them. Medical, The Zendo Project and Black Rock Rangers are all here to help!  
 For more information, visit [dancesafe.org](http://dancesafe.org)
