Source Material and Plagiarism:

When students choose to use someone else’s work as the basis for their work, they must consider the following: (1) color or lack thereof, (2) media/medium change, and (3) unique adds or deletes. Please keep in mind that size is not a significant change. Copying a published photograph, painting, or drawing is ILLEGAL, not just undesirable and the work will be disqualified from competition. The goal is to have all work be entirely conceptualized, developed, and created by the student.
- In addition, all entries need to be a student’s own work. While teachers/representatives are encouraged to direct and inspire the students, the artwork needs to be of the student’s own making.
- Theme Limitations
 - Nudity is not permitted in artwork submitted for TCSAAL competition. In addition, artwork to be judged may not include any other questionable content that would not be suitable for youth competition. Any attempt to violate these restrictions will result in disqualification of the artwork from competition. TCSAAL staff and competition judge will make decisions on what is appropriate.

For further clarification on a specific theme of work, you may contact TCSAAL administration prior to the competition.
