SECTION ONE

IHI Safeguarding Policy and Related Policies

IHI is committed to the enjoyment of Inline Hockey by young people. It values and encourages the participation of parents, guardians, Sports Leaders and volunteers in the participation of Inline Hockey activities for Junior Players.

The fundamental policy of IHI is to respect the dignity and rights of each individual Junior Player. IHI will strive throughout its organisation and spheres of influence to promote, create and maintain safe environments for Junior Players. It will also ensure the key values of Respect, Inclusion, Integrity, Excellence and Fun.

IHI expects those involved in Junior Inline Hockey to publicise, adapt and supervise the implementation of this code. IHI has committed itself to monitoring and enforcing this code where reasonably possible.

IHI SAFEGUARDING POLICY

The requirements in this Safeguarding Policy are expected to be complied with by all clubs that associate with IHI. Guidelines will be published and updated to assist in the application and interpretation of these requirements. The Sports Councils' Code of Ethics should be used where IHI has not published specific guidelines.

All those working '**regularly and continuously**' with Junior players should agree to abide by this Policy through signing the 'recruitment' form in Appendix 1. Vetting requirements will also be adhered to in both ROI and NI.

All requests from the National Safeguarding Officer to adhere to, comply with or furnish evidence relating to this Code must be fulfilled promptly. (Reference Appendix 5, Club Action Plan).

PRINCIPLES

- The safety, health, general welfare and dignity of each Junior Player must be respected.
- Sports Leaders in Inline Hockey should endeavor to consider the safety, health, welfare and dignity of Junior Players to be paramount and superior to all other considerations.
- The enjoyment of Inline Hockey by each Junior Player should be pursued as an objective.
- It is the role and responsibility of every officer and member of a club, together with IHI, to ensure that the spirit of this policy is promoted, implemented and monitored successfully.
- IHI and clubs should review their Safeguarding Policy every 2-years and/or as legislative changes occur in ROI and NI.

COMPLIANCE

- IHI has a **National Safeguarding Officer** who shall be appointed with full power and authority to implement, resource and supervise compliance with this Policy and the Sports Councils' Code.
- Compliance with this Policy and the Sports Councils' Code will be monitored by IHI with the clubs annually, using the 'Club Action Plan', Appendix 5.
- IHI is committed to providing personnel and assistance for courses and training dealing with compliance issues arising from this Policy.
- IHI will monitor compliance and alleged breaches of this Policy and will discuss same when necessary for the benefit, protection and information of Junior Players and their parents where it is permissible and reasonable.
- The existing disciplinary, complaints and appeals procedures of IHI will be regularly reviewed to accommodate the implementation and enforcement of this Code.

PROMOTING THE SAFEGUARDING POLICY

Each club shall promote the interests of Junior Players by:

- (a) Appointing a **Club Welfare Officer** who shall have the primary aim of maintaining a child centred ethos.
- (b) Defining the roles of officers, committees, Sports Leaders, and parents for Junior Players.
- (c) Monitoring procedures for protecting the interests of Junior Players through Club Action Plan.
- (d) Prominently displaying IHI safeguarding message and information about their plans to follow this Policy and the Sports Councils' Code for easy access by Sports Leaders, Members, Junior Players and their parents.

JUNIOR SAFEGUARDS IN RELATION TO SAFETY

- Individuals involved with the management of junior players are advised to undertake a sports specific first aid course.
- Effective procedures for responding to and recording serious injuries, including concussion should be in place.
- A parent should be notified as soon as possible following an injury or incident. A parent is advised to discuss injuries with appropriate personnel if their child is playing with other clubs or another sport, e.g. if a child is injured in school the parent should inform club personnel and vice-versa.
- Under no circumstances should a Junior Player be allowed to train or play Inline Hockey contrary to medical advice.

- Recording of medication prescribed for a Junior Player should be done using the annual registration form, Appendix 2.
- No coach should be appointed or retained for Junior Players unless the coach:
 - Has completed the vetting process through IHI;
 - Has subscribed to IHI's Code of Conduct for Coaches of Junior Inline Hockey;
 - Is adequately resourced and supported;
 - Maintains and furnishes such records and evidence as specified by IHI.
- Officials for all matches must subscribe to the rules and procedures laid down by IHI.

IHI SAFEGUARDING PROGRAMME

POLICY AND GUIDANCE – ENSURING BEST PRACTICE IN JUNIOR INLINE HOCKEY

REPORTING A CONCERN

Concern raised by individual about Junior Players or those working with Junior Players should be passed on to Club Welfare Officer, who may consult with National Safeguarding Officer if necessary.

MANAGEMENT PRACTICES BY CLUB AND CLUB WELFARE OFFICER

All clubs must retain records for its:

- (a) Junior Players;
- (b) Volunteers;
- (c) Sports Leaders

and keep records concerning them in accordance with the procedures and forms suggested by the Sports Councils' Code and related Statutory Authority's documents; and in accordance with data protection.

The terms of engagement for Sports Leaders, the Club Welfare Officer and committees involved with Junior Players should be reviewed every season.

Management for clubs shall promote best practice for Junior Players by following the recommendations of IHI and the Sports Councils' Code.

ADMINISTRATION AND REGULATIONS

The way we work with Junior Players, how we behave around them and our attitudes towards them will contribute to the way young people feel about themselves.

Once a commitment to the IHI Safeguarding Policy has been enshrined within a club's constitution, then all rules and regulations will stem from this.

An examination of existing structures, rules and regulations should help provide a framework for creating and maintaining a child-centred approach within the club.

CLUB GUIDELINES

- Sports Leaders should sign an agreement with the club that includes signing up to the IHI Safeguarding Policy, Appendix 1.
- Select people with the appropriate skills and experience.
- Training should be provided for all newly-recruited personnel e.g. courses for coaches and officials and/or training to work with Junior Players.
- Always have appropriate adult/child ratios (review this with IHI).
- List all procedures for away trips for Junior Players.
- Junior Players should follow IHI guidelines in relation to the wearing of protective gear, as set out by the FIRS rulebook.
- Junior Players 18 years and under require parental/guardian written consent to be allowed play/train with senior grade players.
- Criteria for selection to squads should be listed.
- Each club should have the procedures for responding to reports or concerns relating to the welfare and safety of Junior Players known throughout the Junior section. All Sports Leaders, Junior Players and parents should be aware of how to report and to whom concerns should be reported within the club.
- Clubs should ensure that all procedures regarding safety in sport for Junior Players must be available and visible in the club.
- Copies of this Safeguarding Policy and its accompanying guidelines for Parents, Sports Leaders and Club Committees should be widely available within clubs; as should links to Statutory guidelines.
- Everyone involved in safeguarding and child welfare matters should be aware of their responsibility to work in co-operation with the Statutory Authorities.

SECTION THREE

Best Practice: Safeguarding the Welfare of Junior Players

SPORTS LEADERS

All Sports Leaders who have responsibility for Junior Players must commit to and follow the requirements and best practice for Sports Leaders as set out in this Safeguarding Policy. All those working 'regularly & continuously' and/or within 'regulated activity' must also complete vetting checks.

Sports Leaders with responsibility for Junior Players must when requested by IHI or club:

- (a) Participate in education and training relating to their activities with Junior Players;
- (b) Remain competent to provide safe and rewarding experiences for Junior Players;
- (c) Submit to and follow this Safeguarding Policy by successfully completing the vetting process and signing the Declaration of Intent, Appendix 1.

GUIDELINES RELATING TO SPORT LEADERS

(Please note the following is a non-exhaustive list, regard should be given to Sport Ireland "Code of Ethics and Good Practices for Children's Sport).

- Try to work with other adults present and avoid situations where you are alone with individual Junior Players.
- Identify aspects of possible physical contact. Let parents know of these conditions so that behaviours cannot be misinterpreted.
- Ensure that travel arrangements are set out in advance and known by all.
- Where mixed teams compete away from home, endeavour that the group is accompanied by at least one male and one female adult, preferably a parent.
- Always ensure the well-being and safety of Junior Players at all times.

AVOID:

- Spending too much time with any one Junior Player away from others
-

- Taking Junior Players on journeys alone. Where possible, Sports Leaders should not travel regularly with individual Junior Players and where this occurs the use of the Irish Sports Council SafeSport app is advised.
- Taking a Junior Player to your home or agree to meet a Junior Player individually on your own away from the club setting.
- Taking sessions alone. This may occasionally occur due to lateness, sickness, etc. but this should not be a regular practice within club and/or squad.
- Constant communication with one Junior Players by phone, text, email, etc. Avoid becoming 'friends' with Junior Players on social media; such communication should be for the purposes of administration of club business and should not be for social/friendship purposes.

NEVER:

- Engage in rough physical or sexually provocative games including horseplay.
- Share a room with a Junior Player alone.
- Permit or engage in any form of inappropriate touching, keeping safety of the Junior player as primary concern.
- Permit Junior Player to use inappropriate language unchallenged.
- Make sexually suggestive comments to any Junior Player.
- Allow allegations made by any Junior Player to go unrecorded and not acted upon.
- Do things of a personal nature that a Junior Player can do for themselves.
- Undertake any form of therapy (hypnosis, massage, etc.) while training Junior Players.
- Exert undue influence over any Junior Players in order to obtain personal benefit or reward.

VETTING

While clubs are responsible for the recruitment of Sports Leaders, and the allocation of roles and areas of responsibility to them, IHI will support them through the provision of vetting checks and adherence to the recruitment process.

Vetting should not be seen as a stand-alone procedure and should always be done in conjunction with signed Codes of Conduct (Appendix 1), commitment to training and adherence to this Safeguarding Policy. Failure to comply with all aspects of club recruitment could result in a Sports Leader not being offered position within the Club/Association.

The decision to appoint Sports Leaders is the responsibility of the club and not one individual within it. Good practice in management and supervision of Sports Leaders after appointment is as important as adherence to recruitment policies and procedures.

CLUBS:

- Must carry out vetting via IHI in line with current legislation (educate themselves and their officers about checking:) vetting for volunteers and Sports Leaders in Regulated Activity (NI); (ROI Vetting) and/or vetting for Volunteers and Sports Leaders in the manner directed by the National Safeguarding Officer.
- Must work with the National Safeguarding Officer without delay in relation to a risk assessment of the criminal record and convictions (for violence, abuse or neglect of children and related offences) of each of its volunteers and Sports Leaders.
- Must follow the directions of IHI concerning any volunteer or Sports Leader.

WHO SHOULD BE VETTED?

- All those (in ROI) involved in 'relevant work', that is work or activity that is carried out by a person, a necessary and regular part of which consists mainly of the person having access to, or contact with, children or vulnerable adults.
- All those (in NI) who work in 'regulated activity', that is work or activity that involves teaching training, caring for and supervision of children 'frequently' (once a week or more) or 'intensively' (4 or more days in a 30-day period or overnight).
- Parents who give lifts to Inline Hockey events would come under the 'occasional' usage term and would not need to be vetted. It is good practice to give such adults working with Junior Players this Safeguarding Policy's Code of Conduct, Appendix 3 & 4.

SUPERVISION AND SAFETY

ADULT/JUNIOR PLAYER RATIO

Staffing ratios are difficult to prescribe as they will vary according to activity, location and resources. It is important to ensure that there are enough people to be able to cope with the number of children participating in any activity and adequately respond to an emergency.

As a guide, a ratio of 1:10 should be considered as a minimum requirement where Junior Players are 11 years of age or older. For younger Junior Players or players with a disability or situations involving travel, the ratio should decrease depending on the requirements or the activity the Junior Players will be involved in.

CONSIDERATIONS:

- Age and gender of the Junior Players.
- Any special needs of the Junior players.
- Where both genders are involved try to ensure a mix of male and female adults.
- Type of activity (training, travelling or social) to be undertaken.
- Time involved.
- Experience of the Sports Leaders and relevant adults involved.
- Previous experience with Junior Players or club and likely behaviour.
- Location of activity or event and type of travel involved.
- Suitability of the Sports Leaders and adults.

ENSURE:

- Junior Players are not left unattended and adequate numbers of Sports Leaders are available to supervise all formal activities, i.e. coaching sessions, matches, tournaments and other organised inline hockey activities.
- Sports Leaders know where the Junior Players are and what they are doing.
- Dangerous behaviour should not be tolerated at any stage, (use Junior Players Code of Conduct, Appendix 3)
- Ensure the respect for the privacy of all Junior Players, especially in changing rooms, showers and toilets.

- All Junior Players are informed beforehand of what behaviour will be accepted and not accepted from them, See Code of Conduct, Appendix 3.
- Those who are operating in a supervisory role should have access to adequate first aid resources.

SAFETY PRACTICES:

Safe management practices will not only enable a club to run smoothly and efficiently, but it will also help to minimise opportunities for accidents or harm to happen to children.

Some points to consider:

JUNIOR PLAYERS

- Have defined criteria for membership of the club.
- Have a registration system for all players through IHI.
- Ensure there are sufficient facilities for the number of Junior Players and Sports Leaders.
- Keep a record on each player regarding medical details and needs as well as all contact numbers.
- Ensure that all activities are properly supervised.
- The IHI insurance, which is limited in nature and extent, covers all registered players. It is recommended for Junior Players to have also their own personal accident insurance cover in place.

SPORTS LEADER:

Ensure:

- Follow the recommended adult:child supervision ratios.
- Have completed the IHI's recruitment process, including signing the Declaration of Intent, Appendix 1.
- Have a clear title and area of responsibility.
- Have attended appropriate coaching courses and related safeguarding and welfare training.

TRAVELLING WITH JUNIOR PLAYERS:

Traveling to and from venues is part of fulfilling fixtures. In order to ensure the safety of all involved, clubs must ensure that suitable policies and procedures are in place. To put Junior Players and parents at ease, organisers should ensure all arrangements are in place and communicated to all involved before the event. Parents should be informed of the mode of transport.

CONSIDERATIONS:

- Ensure all arrangements are suitable for the journey to be undertaken.
- Vehicles must be roadworthy and appropriate and the driver to understand that he/she is responsible for the vehicle during the trip, including use of booster seats if necessary.
- Ensure parental consent is obtained prior to journeys being undertaken, Appendix 2.
- All journeys to take place under the supervision of the team management.

BUS / COACH HIRE:

Ensure:

- When renting, make sure you deal with a reputable company.
- Make sure the vehicle is suitable and equipped with appropriate safety features according to the rules of the road.

PASSENGER CARS:

Although this is the most frequently used option it is important to ensure that the safety of all Junior Players are not jeopardised at any stage.

- Prior to the trip, parents should be informed if this form of transport will be used and consent obtained for their child to travel this way. This can be done seasonally, Appendix 2.
- Vehicles must be roadworthy, safe and have appropriate insurance cover.
- Drivers must have a suitable drivers licence.

- All passengers must use seat belts and booster seats (where necessary) for the duration of the journey.
- All drivers are responsible for the safety of the passengers and must be aware of their legal responsibilities.
- Club members or parents should, be asked to be involved if this mode of transport is used.
- One passenger per seat at all times.
- Inform parents of the time of departures as well as estimated time of arrival.

HOSTING MATCHES:

To ensure Junior Players, management and spectators enjoy the experience when involved with a match it is important for clubs, when hosting fixtures, to ensure all arrangements are in place and that all involved are informed of these arrangements before the event.

COMMUNICATION, IMAGES

With the increased use of technology (video or photographic) in inline hockey it is important for clubs to adopt a policy in relation to the use of photographic images of Junior Players. The use of any images on websites and publications has raised concerns about the risks posed directly and indirectly to children and young people.

BULLYING

Bullying is **repeated** aggression, be it verbal, physical or psychological, by an individual or group against others, which causes significant harm to the victim(s). It is intentional, aggravating and intimidating.

TYPES OF BULLYING (THIS LIST IS NON-EXHAUSTIVE, GUIDE ONLY):

- Name calling.
- Spreading harmful rumours about others.
- Exclusion from activities.
- Intentionally isolating another person from conversation or during activity.
- Threatening or intimidating behaviour.
- Taking or damaging property or belongings.
- Physical assault or causing physical harm.
- Making a person do things they don't want to.
- Threatening or abusive text messaging.
- Cyberbullying.

DEALING WITH BULLYING?

Bullying should always be considered in conjunction with the Codes of Conduct referred to in this Safeguarding Policy. Poor practice should always be tackled early, warnings should be given and in the case of Junior Players especially, there should be an opportunity to correct the poor behaviour.

Persistent poor practice may escalate into bullying if allowed to go unchecked. More extreme forms of bullying would be regarded as physical or emotional abuse and are reportable to Health Service Executive or An Garda Siochana or the PSNI.

It is the responsibility of the club to deal with bullying that may take place. You can use the ISPCC reporting tool where necessary, www.ispcc.ie/ispcc-shield-/stand-up-report-tool/12531.

Each club should have a statement on bullying that is visible to all and can be implemented by Sports Leaders. Incidents must be dealt with immediately and should not be tolerated.

SMOKING, ALCOHOL, SUPPLEMENTATION AND JUNIOR PLAYERS WELFARE

As part of IHI's commitment to protecting the health and well-being of Junior Players and to ensuring Junior Players thrive within a safe and fun environment, IHI request that clubs, Sports Leaders and Junior Players:

- Must not promote, condone or use sports supplements contrary guidelines.
- Must participate in the education of themselves and others about the detrimental effects of using substances taken to enhance performances.

Functions and facilities of whatever kind attended by Junior Players must be managed in a manner, which, recognises the potential detrimental effect of alcohol.

It is a priority to ensure that the culture and practices on premises associated with inline hockey and to which Junior Players are exposed will prevent and discourage alcohol abuse.

SMOKING

- Smoking and smoking alternatives such as *vaping* should be avoided by the Junior Player. Smoking is a serious health risk. It should play no part in a player's lifestyle.
- Clubs and Rinks must enforce statutory requirements in relation to smoking on the premises.

ALCOHOL

Alcohol is not permitted during any IHI sanctioned trainings, game days, or tournaments.

Alcohol and alcohol advertising is part of everyday life. Young people are not only influenced by trends and peer pressures but are also exposed to constant alcohol advertising.

These advertisements seek to make the consumption of alcohol acceptable and trendy therefore making the awareness of the pitfalls of alcohol consumption more difficult. Sports Leaders should ensure Junior Players are aware of the dangers of alcohol abuse.

REASONS WHY ALCOHOL IS TO BE DISCOURAGED

- Alcohol promotes fluid loss i.e. it has a diuretic effect on the body. Maintaining a state of hydration is important in order to function at one's best.
- Alcohol consumption reduces the body's ability to replenish glycogen following training and playing and therefore has a negative impact on fuel recovery.
- Alcohol has a vasodilatory effect on the body i.e. it keeps the blood vessels open. A bruised and injured body needs to be managed immediately. Proper management especially in the first 48 hours of incurring the injury is critical to the speedy return of the Junior Player to training and playing.
- Alcohol intake is likely to facilitate increased bleeding and swelling and so it is to be avoided especially when the Junior Player is recovering following a game or when they are injured.
- Alcohol consumption can affect reaction, balance and co-ordination.
- Alcohol consumption generally occurs at night time. All players require sleep. It is during sleep that the body repairs damaged tissue. It is important not to deprive the body of this important sleep requirement.

NUTRITION AND SUPPLEMENTATION

- Junior Players should focus on good eating and drinking practices to support optimum performance.
- The use of protein supplements should not be recommended by Sports Leaders, or others involved in the training of Junior Players.
- IHI strongly advises against the use of nutritional ergogenic aids, particularly creatine, in Junior Players.
- Junior Players with medical conditions (for example diabetes, asthma, coeliac disease and nutritional allergies) should receive appropriate medical and nutritional advice to assist their optimum performance.

POSITIVE MENTAL HEALTH

Sport can contribute positively to the Junior Player's mental health, helping them to feel good about themselves and cope with everyday pressures in their lives.

Sport can make a positive contribution if the Junior Player's experience of sport reflects sport's positive values, such as fun, inclusion and fair play. However research has shown that when contested in a harmful environment sport can negatively impact on a child's life. NSPCC research stated 10% of young people involved in sport had self-harmed, highlighting the need for sports organisations to safeguard an athlete's health and well-being.

Sports Leaders can help Junior Players by encouraging them to:

- Have control over their emotions and their behaviour both on and off the court.
- Be aware of their thoughts and feelings towards themselves and others.
- Manage their thoughts and feelings rather than becoming overwhelmed.

Anti-Doping

All players are to abide by international anti-doping legislation. For Junior Players their parents and/or coaches are responsible to ensure that Junior Player understand their responsibilities.

A list of prohibited substances can be found at the following link;
<http://www.worldskate.org/clean-sport.html>

Sports Leaders are to promote clean and fair competition to players at all times.

SECTION FOUR

Child Protection

Should a Junior Player be at risk of harm, it is the duty of those in a position of responsibility to take the necessary steps to minimise and/or help to remove the risk and to ensure that all procedures are undertaken in accordance with statutory guidelines. Harm is defined as the ill-treatment or the impairment of the health or development of a child. Whether it is significant is determined by the child's health and development as compared to that which could reasonably be expected of a child of a similar age.

Categories of abuse are outlined in Children First (ROI) and Cooperating to Safeguard Children (NI). Adults working with young people are not expected to be experts in identifying abuse, however in order to fulfil our duty to care it is necessary to know how to forward a concern that meets reasonable grounds for concern (see below) and how to respond to a child who raises a concern. Further details on categories of abuse and Statutory guidelines can be found at www.tusla.ie/children-first and www.nidirect.gov.uk/reporting-child-abuse-and-neglect.

Sports Leaders should be aware of the sign and types of abuse with the following points being central to the success of this effort:

- Knowledge of the appropriate action and response to be taken.
- Vigilance and avoidance of situations conducive to risk.
- Open, trusting and cooperative relationships within the club and with parents/guardians and others concerned with children's welfare.

DEALING WITH CONCERNS

- Complaints or suspicions of abuse relating to an Junior Player wherever and whenever arising must be reported to the Club Welfare Officer without delay, who must take immediate steps to safeguard the Junior Player and to refer the complaint or suspicion of abuse to the Statutory Authorities and to the National Safeguarding Officer.
- Procedures for making, investigating and determining complaints about abuse (including confidentiality conditions) should be prescribed in writing, published so that they are readily available to everyone and followed as soon as possible upon receipt of a complaint.
- A Sports Leader against whom a complaint relating to abuse of a Junior Player is made to one of the Statutory Authorities may be asked to step aside as a Sports Leader until after the relevant determination has been made. Reasonable steps will be taken to protect Junior Players
- The National Safeguarding Officer must be notified by the Club Welfare Officer of all allegations of abuse relating to a Sports Leader or volunteer and all questions from the National Safeguarding Officer must be answered immediately.
- It is not the role of the person who conveys a complaint or suspicion about abuse of a Junior Player to determine the guilt or innocence of the accused but every complaint must be made and acted upon without delay.

REASONABLE GROUNDS FOR CONCERN

A concern should be passed to Statutory Authorities if any of the following criteria are in place:

- Specific indication from a child that s/he has being abused.
- An account by a person who saw the child being abused.
- Consistent indication, over a period of time that a child is suffering from emotional or physical neglect.
- Evidence, such as an injury or behaviour that is consistent with abuse and unlikely to be caused another way.
- Corroborative indicators supporting a concern e.g. pattern of injuries, an implausible explanation, other indicators of abuse, dysfunctional behavior.

RESPONSE TO A JUNIOR PLAYER

- Deal with any allegation of abuse in a sensitive and competent manner though listening to and facilitating the Junior Player to tell about the problem.
- Stay calm and do not show any extreme reaction to what the Junior Player is saying and take it seriously.
- Permit the Junior Player to speak without interruption, accepting what is said.
- Reassure the Junior Player that he/she was right to tell and that he/she will be helped.
- Alleviate feeling of guilt and isolation, while passing no judgement on the person against whom the allegation is made.
- False promises should not be made such as saying no-one else will be told.
- Indicate what should happen next, such as informing parents, the Club Welfare Officer, or Statutory Authorities, etc.
- Any and all consultations with others should be entirely confidential and should not involve investigative procedures.
- Write a detailed account of any discussion regarding alleged or suspected abuse, as soon as possible after the discussion has taken place.
- Send the details to the National Safeguarding Officer.
- Do not trivialise child abuse issues or exaggerate what the Junior Player has told you.

Never:

- Question unless for clarification.
- Make promises you cannot keep.
- Rush into actions that may be inappropriate.
- Make/pass a judgment on alleged abuser.
- Take sole responsibility, consult the Club Welfare Officer and/or National Safeguarding Officer so you can begin to protect the child and gain support for yourself.

REPORTING CONCERNS / CHILD ABUSE

- Remember that reporting suspected child abuse in good faith is not the same as making an accusation of abuse, i.e., reporting does not mean accusing.
- Responsibility for the investigation of child abuse cases suspected or otherwise lies with the Statutory Authorities.
- Clubs should not carry out their own internal investigations into cases where child abuse is suspected. Make contact with duty social workers in your local area, <http://www.tusla.ie/get-in-touch/duty-social-work-teams/> (ROI) and (NI) <https://www.nidirect.gov.uk/publications/gateway-service-teams-contact-details>.
- Any person who knows or suspects that a child is being harmed or is at risk of being harmed has a duty to convey his/her concern to Statutory Authorities and/or IHI.
- It may be appropriate for a person to discuss concerns they have with another person in the club, e.g. Club Welfare Officer, or should the concern relate to the Club Welfare Officer to the National Safeguarding Officer.
- Within a school, concerns relating to child abuse must be reported immediately to the Headmaster / Principal (DLP).
- In cases where an allegation has been made, then the matter should be reported immediately to the relevant personnel (Region/Child Protection Officer and/or Statutory Authorities).
- Should there be an allegation against a club member – the Club Welfare Officer must be informed so that suspension of the person against whom the allegation has been made, from activities which involve Junior Players, may be carried out until the conclusion of the investigation. This should be done in conjunction with Statutory Authorities so that investigations are not compromised.
- All concerns and allegations made should be carefully recorded and ensure confidentiality is maintained at all stages.

ALLEGATIONS AGAINST SPORTS LEADERS

- A Sports Leader against whom an allegation of abuse has been made should be informed that this is not an accusation and that the procedures being undertaken are in accordance with Statutory guidelines. He or she should be assured that all information will be dealt with in a sensitive and confidential manner within the Club. Any necessary steps should be proportionate to the level of risk and should not unreasonably penalise the Sports Leader unless necessary to protect the Junior Player.
- Following consultation with and advice from the Statutory Authorities, the Sports Leader should be made aware of the general nature of any allegations made against him/her and of any allegation being made known to the Statutory Authorities.
- In a Sports Leaders case of being suspended should be formally notified by senior personnel within the Club.
- The Sports Leader concerned should be afforded the opportunity to present a formal response to the allegation to senior personnel in the Club. From this point onwards the matter should only be dealt with by the Statutory Authorities.
- In the case of an allegation of child abuse, it will be necessary to withhold the name of the child and the precise details of the allegation, in the interest of confidentiality and child protection. Where possible inform the parents/guardians of the child unless doing so the child will be further endangered.
- Clubs in Northern Ireland have a legal duty to refer someone to the Disclosure and Barring Service if they have followed their organisations disciplinary procedures and:
 - Sacked or removed the person from their voluntary role because they harmed a child or vulnerable adult;
 - Sacked them or removed them from working in regulated activity ([link to www.gov.uk/government/publications/dbs-check-eligible-positions-guidance](http://www.gov.uk/government/publications/dbs-check-eligible-positions-guidance)) because they might have harmed a child or adult otherwise; or
 - Were planning to sack or remove them for either of these reasons, but the person resigned first.
 - A club/organisation is breaking the law if they don't refer someone to the DBS in any of the above circumstances.

CONCERNS IN RELATION TO JUNIOR PLAYERS

Some concerns may not meet the criteria of 'significant harm' or constitute 'reasonable grounds for concern' that would require making a report the Statutory Authorities but the complaint may require a response.

- Should you witness or receive information that leads you to believe that a serious breach of this Safeguarding Policy has occurred, you are required to bring the matter to the attention of the relevant personnel (Club Welfare Officer and/or National Safeguarding Officer).
- You are not to discuss the matter with persons not already involved, except with the expressed permission of the investigating authorities.
- You are required to give every assistance possible to the Statutory Authorities, or to the appropriate committee of IHI in the investigation of the matter, and to assist with any necessary steps being taken by them in relation to the matter.
- If you have evidence of an illegal activity that directly relates to the Game, you are obliged to inform the Gardai/PSNI and you should notify IHI of that fact.
