HOW RXASSIST WORKS

[Go to RxAssist.org](https://www.rxassist.org)

1. Search by drug name or pharmaceutical company
2. Compare and select patient assistance programs by:
 - Insurance requirements
 - Income level
 - Medication delivery options
3. Download and print PAP applications

Patient Assistance Program Eligibility

Eligibility requirements for PAPs vary between programs.

GENERAL GUIDELINES ARE AS FOLLOWS:

- ✓ Patient is a U.S. resident or citizen
- ✓ Patient does not have prescription coverage
- ✓ Patient's income must meet the program's income guidelines based on Federal Poverty Level

RxAssist Discount Card

Patients can save up to 85% on their medications using the RxAssist discount card. Redeem this RxAssist discount card at your local pharmacy.

If you have insurance and you are obtaining a generic:

Show your insurance card to the pharmacy and if your cost is more than \$10 present this FREE card and ask, "What's my RxAssist discount price?" We guarantee you the lowest price between our discounted price, your insurance copay, or the pharmacy cash price!

If you do not have insurance:

Present this FREE card at the pharmacy for instant savings on every generic and brand prescription.
