Door & Header Prep 350+ MagForce

**NOT
TO
SCALE**

FORM NUMBER: 35001

REVISION: A

DATE: 1-2008

**IMPORTANT: THIS DIAGRAM IS NOT TO SCALE AND FOR DIMENSIONAL REFERENCE ONLY !
DO NOT TAPE TO DOOR & HEADER FOR USE AS A DRILLING TEMPLATE !
USE THE PAPER DRILLING TEMPLATE THAT WAS INCLUDED WITH LOCK.**

NOTE:

A variety of #10 fasteners are included in the hardware pack.

Select the correct fasteners for the door and header materials involved:

- > For wood or hollow metal doors and headers, use self-tapping sheet metal screws.
- > For reinforced or heavy-gauge metal doors and headers, use machine screws.
