COMPANY PROFILE

Aervoe Industries, Inc. has sold gas and electric appliances since 1980 and is a leading provider of portable butane, 12-Volt, and self-powered products for everyone from the outdoor enthusiast to the gourmet chef. Our products are designed to provide the safest and highest quality choice available.

The Max Burton® brand is sold to the restaurant, housewares, marine, hotel, gourmet, and truck stop markets. They are nationally distributed through specialty retail stores and catalog sales. The line is divided into Portable Gas Products, Gourmet Specialty Products, 12-Volt Products, and Electrical Power Systems.

The Aervoe family of employees is dedicated to providing our customers with high-quality products and services at competitive prices. Many new and exciting products are under research and development at the Aervoe production facilities. We would like to invite you to stop by our corporate headquarters in northern Nevada, 45 miles south of Reno, just 10 miles east of beautiful Lake Tahoe!

Safety Data Sheets (SDS)

MSDS are available online at www.aervoe.com.

Electronic Data Interchange (EDI)

Aervoe is set up for direct electronic exchange of orders, shipping information, and invoicing. To find out more about our EDI capabilities, contact Customer Service at the toll free voice number listed above.

Warehouse

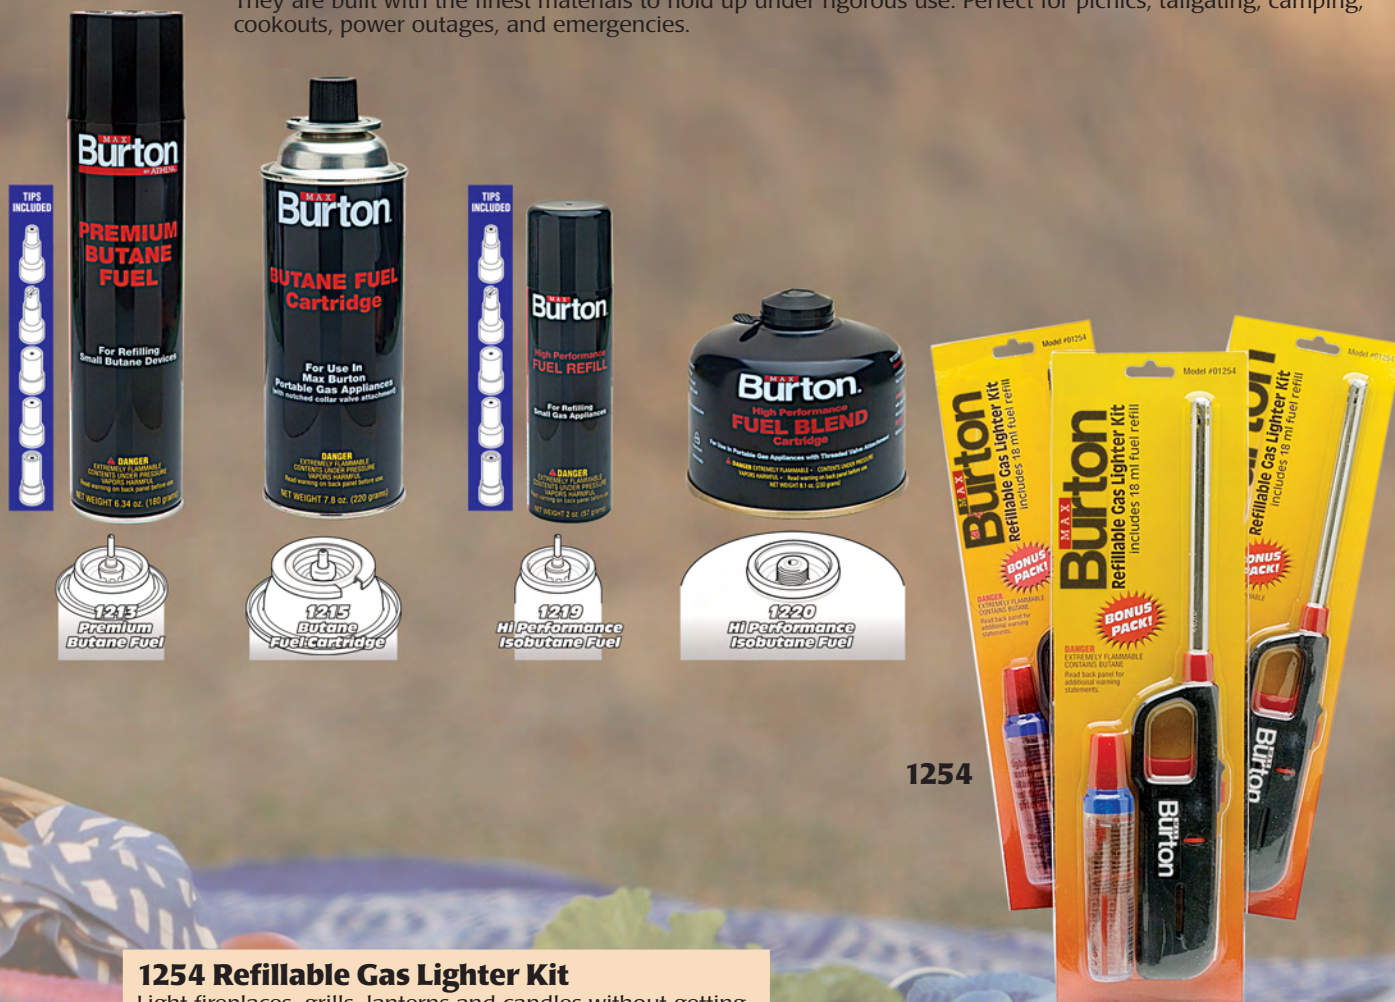

Orders are shipped from our distribution center in Gardnerville, Nevada.

E-Commerce

Aervoe is online with a fully operational storefront that is now accepting orders. Visit our web site 24 hours a day, 7 days a week to see important product information as well as new product introductions, or to place your orders.

Portable Gas Products

Max Burton portable gas products represent the highest in quality and safety standards for portable cooking appliances. Safety is our primary concern so we include the highest possible features into each item. They are built with the finest materials to hold up under rigorous use. Perfect for picnics, tailgating, camping, cookouts, power outages, and emergencies.

1254 Refillable Gas Lighter Kit

Light fireplaces, grills, lanterns and candles without getting too close to the flame. Refillable lighters are economical and environmentally friendly.

- CPSC approved with child safety features
- Adjustable flame control
- Comes with a 0.6oz fuel refill (shown above)

Case pack = 24

Case weight = 7 lbs.

Refill with Max Burton High Performance Fuel #1219 or Max Burton Premium Butane Fuel #1213 – sold separately. Each case of lighters comes packaged in POP display.

1213 Premium Butane Fuel Refill

Net Weight 6.5 oz

A premium butane fuel for refilling many common butane appliances and lighters that utilize a small entry port valve. Comes with 5 adapters that fit a variety of valve sizes.

Case pack = 12

Case weight = 8 lbs.

1215 Butane Fuel Cartridge

Net Weight 7.8 oz

A UL Listed butane fuel source for use with appliances utilizing a notched collar valve. Equipped with a rim vent release dome, which allows excess pressure to be released safely.

Case pack = 12

Case weight = 11 lbs.

Our fuels are specifically designed to work with Max Burton portable gas products. Use of other fuels in these appliances, or use of these appliances with other fuels, may void our warranty.

1219 High Performance Fuel Refill

Net Weight 2 oz

A high performance isobutane fuel for refilling many common butane appliances and lighters that utilize a small entry port valve. Comes with 5 adapters that fit a variety of valve sizes.

Case pack = 12

Case weight = 3 lbs.

1220 High Performance Fuel Blend Cartridge

Net Weight 8.1 oz

Contains a high performance 80/20 fuel blend with a universal threaded valve that connects to either a hose or directly to the gas appliance. Ideal whenever longer burning times are desired or when operating at high elevation or low temperatures.

Case pack = 12

Case weight = 22 lbs.

8254 Mr. Max™ Table Top Burner

The Mr. Max Table Top Burner is a versatile mini stove that is easy to use and is built tough to withstand the rigors of continuous use. A must for cooking during power outages or other emergencies.

- UL listed and CSA Safety listed for outdoor use only
- 7,650 BTU
- Piezoelectric ignition
- Instant heat with a consistent flame that won't burn out on low heat settings
- Heavy gauge metal body and porcelain enamel coated steel drip pan
- Gas flow safety device
- Use with conventional cookware
- Includes a hard-sided plastic carrying case

Case pack = 3
Case weight = 22 lbs.

Operates on Max Burton Butane Fuel #1215 – sold separately.

6300

6325

6300 Stove Top Smoker

As seen on national television, our Stove Top Smoker allows you to bring natural smoked and barbecue flavors indoors. Just put the Smoker on our Induction Cooktop, Mr. Max Table Top Burner, or any electric or gas stove top, or in the oven or barbecue to get unmatched smoked flavor. Smoke fish, poultry, meat, game, shellfish, cheese, and vegetables. The smoker bottom also doubles as a lasagna or roasting pan.

- High quality heavy-gauge stainless steel construction
- Non-stick rack
- Drip pan
- Four recipes
- Smoker chips *not* included

Case pack = 4
Case weight = 27 lbs.

6200

6200 Household Induction Cooktops

Cooking with an induction cooktop is extremely fast and extremely safe. With the push of a button the temperature changes instantly, just like cooking with gas, but without the open flame. The cooktop stays cool except where it comes in contact with the pan, making these stoves safer and keeps the kitchen cooler. Great for use in the home, but may also be used in events and buffets.

#6200 Deluxe Induction Cooktop

- ETL listed to UL 196 standards
- 10 Temperature levels (100–450°F)
- 10 Power levels (200–1800W)
- 180-Minute timer
- 120 Volts
- 1800 Watts

#6400 Digital Choice Induction Cooktop

- ETL listed to UL 1026 standards
- 10 Temperature levels (100–450°F)
- 7 Power levels (500–1800W)
- 180-Minute timer
- 120 Volts
- 1800 Watts

Case pack = 2

Case weight = 18 lbs. (#6200)
18 lbs. (#6400)

6010

6010 Induction Interface Disk

Cooking with induction rated cookware is ideal, but if you don't want to replace your existing cookware, try the Induction Interface Disk. Place the disk on top of the cooktop and cookware on top of the disk! Not recommended for use with glass or ceramic cookware.

- 8" diameter surface
- Heat proof handle
- Stainless steel construction

Case pack = 4

Case weight = 12 lbs.

Induction Set

Set includes a #6200 Induction Cooktop and a #6010 Induction Interface Disk.

Case pack = 2

Case weight: = 25 lbs.

6400

6300

ProChef™ Commercial Induction Cooktops

Two commercially rated induction cooktops meet ETL-US (UL 197), ETL Sanitary (NSF-4) and FCC requirements for electric cooking appliances. Both units include:

- Stainless steel body and durable commercial-grade materials
- 10 Temperature levels (100–464°F)
- 170-minute timer
- Touch screen controls with function lock
- Additional features:

#6500 ProChef-1800

- 120 Volts/1800 Watts
- 7 power levels from 500–1800 Watts

#6530 ProChef-3000

- 220 Volts/3000 Watts
- 13 power levels from 500–3000 Watts

#6500

Case pack = 2

Case weight = 28 lbs.

#6530

Case pack = 1

Case weight = 11 lbs.

12-Volt Electrical Products

Max Burton 12-Volt electrical products that make your on-the-go lifestyle easy. Our innovative and unique products help travelers make hot and healthy meals while on the road a reality. The line also includes a selection of non-cooking devices for safety and maintenance. Our 12-Volt products are most popular with the professional truck driver, but are also great for use while camping, hunting, boating, tailgating, or on the job. Just plug these items into any 12-Volt DC receptacle or cigarette lighter.

**6905****6910**

6905 Digital Stove To Go® (Patent pending)

Building on our original Stove To Go, this digital model allows for greater cooking control, higher temperatures, and larger capacity. Use it as a stove, oven, or slow cooker!

- Two cooking modes: Heat or Temperature
- Reaches 350°F within 30 minutes
- 1.5 liter capacity
- Removable pan and steaming tray
- LCD display
- 6-ft power cord
- 12V/150 Watt with built-in fuse protection

Case pack = 4
Case weight = 27 lbs.

6910 Oven To Go® (Patent #D456,665 S)

Cook, bake and warm foods from the convenience of your vehicle. For easy meal preparation consider making meals ahead in the 2 cooking containers that are included. Freeze ahead and heat when ready to eat!

- Compact, lightweight, yet strong for every day use
- On/Off switch
- Hi/Lo settings for temperature control
- Collapsible handle
- 5-ft. DC cord
- 60–120 Watts with built-in fuse protection
- Includes:
 - Two food containers with lids
 - Accessory storage built in
 - Pan holder to remove hot food containers

Case pack = 4
Case weight = 20 lbs.

6985

6950 8" Oscillating Fan

Selectable oscillation or fixed position operation.

- 8" fan blades
- 2-speeds high and low
- Oscillate, tilt, and swivel
- 8-ft. power cord
- Heavy-duty spring clamp or mount to any surface using the included hardware
- 8.5–14.5 Watts with built-in fuse protection

Case pack = 4

Case weight = 11 lbs.

6951 Turbo Fan

Variable speed fan.

- Tilt, swivel, and airflow direction control
- Variable speed dial
- 7½-ft. power cord
- Heavy-duty spring clamp
- 1.2–30 Watts with built-in fuse protection

Case pack = 4

Case weight = 11 lbs.

6952 Deluxe Metal Fan

Dash-mount 8" fan.

- 2-speed high and low
- Swivel base
- Includes mounting hardware
- 30 Watts with built-in fuse protection

Case pack = 4

Case weight = 15 lbs.

6985 3-Watt LED Spotlight & 6986 Power Pod

A super bright LED spotlight that is easy to carry and store. With an efficient 3-Watt LED bulb and high-capacity lithium-ion battery this spotlight will charge quickly and last for hours on a single charge.

The power is in the Pod! The removable Power Pod is not only the Spotlight's source of power but it is also a means to power other electronic devices using the 5V USB output. It comes with the Spotlight but may also be purchased separately as an accessory power supply.

- 3-Watt LED Spotlight
 - 2 position high and low brightness
 - 250 lumens
 - Two position handle
 - 120V AC/DC and 12V DC chargers
- Power Pod with 3.7V~ 1400 mAh lithium-ion battery
 - Rechargeable 3 ways: 12V, 120V, or solar panel (panel sold separately)
 - Includes a 12V DC charger

Case pack = 4

Case weight = 7 lbs. (#6985) 2 lbs. (#6986)

6980

6981

6983

6997

6980 Vacuum To Go™ (wet/dry canister)

This vacuum is perfect for quick clean up of wet or dry spills in a vehicle or garage. It is compact, portable and lighter than other similar vacuums.

- 1-gallon capacity
- 15-ft. power cord
- 36-in. flexible hose
- Washable/reusable filter
- Shoulder strap
- 2 speeds: High/low
- Blower
- 75 Watts with built-in fuse protection
- Includes 2 inflatable attachments
- Includes 3 cleaning attachments
 - Crevice tool
 - Hard surface tool
 - Dusting brush

Case pack = 2

Case weight = 11 lbs.

6981 Cordless/Rechargeable Vacuum

Charge it, disconnect it, and clean anywhere. Perfect for home or automotive use.

- Cordless and rechargeable
- Wet or dry debris pick up
- 10-ft. power cord
- Wall mounted charging bracket
- 30 Watts with built-in fuse protection
- Includes:
 - 12V and 120V chargers
 - Carpet brush, hard surface tool, and crevice tool attachments
 - Reusable filter

Case pack = 4

Case weight = 13 lbs.

#6983 Thermoelectric Cooler/Warmer

Keeps food and drinks cold without ice or meals warm just by plugging it into your vehicle's 12V power outlet. Its 25 qt. capacity is large enough to hold 31-12 oz soda cans, 15-16.9 oz. water bottles, or 5-2L soda bottles. Comes with a vertical divider that will keep heavier items from softer items. The ideal companion for long haul trucking, recreation, on the job, or emergency preparedness.

- Operates from a 12V vehicle power outlet
- 25 qt. (24L) capacity
- Cools approximately 30°F (17°C) below ambient temperature – no ice required
- Warms up to 120-140°F (49-60°C)
- Switches control Hot/Cold/Off
- 6½ ft. 12V power cord
- Lid removes for easy access and the handle locks it in place
- Vertical food separator
- 120V with converter (sold separately)

Case pack = 2

Case weight = 26 lbs.

6997 12-Volt Heated Blanket

An extra large polar fleece blanket plugs into a vehicle 12-Volt outlet for portable comfort.

- 59" x 43"
- Polar fleece
- 8-ft. power cord
- Includes storage bag
- 60 Watts with built-in fuse protection

Case pack = 6

Case weight = 18 lbs.
