American Security Gun Safe Lifetime Replacement Warranty

If you are the original owner of an American Security gun safe that suffers damage due to burglary or fire, American Security will, at our discretion, either repair your safe or replace it with a current production model of comparable value.

No-Cost Burglary Warranty
If your American Security gun safe is forcibly entered, we will repair or replace your safe free of charge.

No-Cost Attempted Burglary Warranty
If your American Security gun safe has been subject to an attempted burglary and undergone a drill, punch or pry attack but was not forcibly entered, we will repair or replace your safe free of charge.

No-Cost Fire Warranty
If your American Security gun safe has been subject to a home fire, we will repair or replace your safe free of charge.

This certificate only highlights certain terms of American Security's warranty. The complete terms of our warranty can be found on our website at www.americansecuritysafes.com.

WE STAND BEHIND OUR CRAFTSMANSHIP WITH A “NO COST” LIFETIME WARRANTY AGAINST THEFT & FIRE

American Security® manufactures safes with the best fire and burglary protection in the industry. We’re so confident in our products, that we offer a lifetime warranty on all our gun safes. Our warranty covers:

- Burglaries – If your safe is forcibly entered, we will repair or replace it free of charge.
- Attempted Burglaries – If your safe undergoes a drill, punch or pry attack and is not breached, we will repair or replace it free of charge.
- Damage from a Home Fire – If your safe is damaged in a home fire, we will repair or replace it free of charge.

Intertek

At no cost to you, we will either repair your damaged gun safe or replace it with a current production model of comparable value.¹

STANDARDIZED TESTING FROM INDEPENDENT LABORATORIES

American Security is one of the first manufacturers in the gun safe industry to use standardized test procedures from independent laboratories to substantiate our burglary and fire ratings. Standardized independent testing provides consistent test procedures that can be used across the industry so consumers can meaningfully compare ratings between different safes when making a purchasing decision.

BURGLARY RATINGS

In the United States, the most recognized testing organization for burglary resistance of safes is Underwriters Laboratories (UL). UL publishes standards and administers tests to check if products meet those standards. Standards include specific tools that are used during a break-in attempt and a specific time limit for the test. There are several different burglary classifications that establish specific levels of attack resistance. The most common listing in the gun safe industry is Residential Security Container (RSC).

FIRE RATINGS

The ETL logo on our fire-rating labels indicates that our ratings have been verified by independent testing at Intertek Laboratories. Intertek is a multinational independent inspection, product testing and certification organization with over 38,000 employees in over 100 countries. To test our products, Intertek places our safes in a furnace with 8 gas burners. The test furnaces reach 1200°F in 8 minutes. That temperature is maintained for the duration of the test. Five separate thermocouples monitor the temperature inside the safe. To pass Intertek’s test, the internal temperature inside a safe must remain below 350°F. Paper burns at approximately 450°F.

Series	Fire Label	Outside Temp	Time Period	Inside Temp Less Than
BFII/BFX Series	ETL 120	1200°F	120 min.	350°F
NF Series	ETL 90	1200°F	90 min.	350°F
SF Series	ETL 60	1200°F	60 min.	350°F
TF Series	30	1200°F	30 min.	350°F

¹ To file a claim, you must be the original owner of the American Security Gun Safe. Within 30 days of the burglary/fire incident, you must properly file a police report documenting the incident. A copy of the police report must be submitted to American Security with your warranty claim.

BFX SERIES - 120 MINUTE FIRE

BFX6030 in NEW Lazer Red
with brass hardware and NEW eagle head
logo. Left swing with optional finials

SECURITY

- ½"-Thick Steel Plate Door (BFX7250 & BFX6024 have 3/8" steel plate)
- Four-Way Active Bolt Work (BFX6024 has Two-Way Bolt Work)
- Active 4x Locking System (See Page 6 for Details)
- 2"-Thick Body
- UL Level I RSC Burglary Classification
- Massive 1½" Chrome Plated Bolts
- Anchor Holes Provided

WARRANTY

- 5-year parts and labor warranty when purchased with a factory installed American Security® lock.
- Special lifetime warranty for damage from burglary attempts and fire.

FIRE PROTECTION

- Seamless DryLight® Fill
- 120-Minute Intertek Verified Fire Rating
- Dual Door Seals to Protect Against Fire and Smoke

FUNCTIONALITY

- Industry's Most Flexible Interior
- Door Organizer
- Storage for up to Two Long Guns on Door
- Spy-proof, key-locking dial with decorative five-spoke handle and a convenient pull handle. (BFX6024 offers a three-spoke handle and does not come with a pull handle).
- Mirrored Back Wall for Added Interior Visibility
- AC Power Outlet with Removable Cord
- LED Light Kit

BFII AND BFX SERIES

WHAT IS DRYLIGHT®?

The American Security® BF® Gun Safes are the best gun safe available today. For burglary protection, it has a massive ½" -thick steel plate in the door. For fire protection, it is filled with our revolutionary DryLight.

For many years, smaller fire safes have been constructed with a poured fill material. But larger gun safes pose several manufacturing challenges when it comes time to fill them with insulating materials. Because of this, the industry adopted the use of drywall as the primary material for fire protection. The problem with using drywall is that no matter how much care is taken in assembling the many pieces of drywall into the safe body, gaps and joints still remain in the construction that can allow heat to penetrate the safe body. American Security was able to overcome this technical challenge by developing manufacturing processes that allow us to produce a safe body filled with the seamless DryLight fire barrier. Independent testing at Intertek Laboratories has confirmed that these safes outperform gun safe bodies constructed with drywall.

UNDER BED SAFE

PUTS HOME SECURITY WHERE YOU NEED IT

American Security's NEW Under Bed Safe (UBS648) has been dramatically improved since the development of our original Defense Vault (DV652). Still a secure and easy-to-conceal security container for gun storage, the UBS648 features an ultra slim profile just six inches tall, able to fit under most beds. Four mounting holes on both the top and the bottom of the unit make it possible to secure it to the floor, or undermount it to your bed frame or other surface. The UBS648's new centrally located digital keypad and tilt-out tray design makes accessing contents even easier.

**Features the U.L. Listed ESL5LP
Illuminated Electronic Lock**

FEATURES

- UL Listed ESL5-LP Electronic lock with backlit and stealth mode keypad
- 18-Gauge & 7-Gauge steel construction
- 4-Point Locking Bar
- Mini flashlight with flashlight holder
- 4 Mounting Holes on Both the Top and Bottom of safe
- Tilt-out door for easy access

VAULT DOORS

TURN YOUR ENTIRE ROOM INTO A SECURITY VAULT

American Security® Vault Doors offer the same protection as our innovative BF® Gun Safes. They are designed to fit standard 80" x 30" and 80" x 36" door openings. With our inward-swinging vault door option, your vault room can also serve as a storm shelter. The vault door's inward swing ensures that you will be able to open the door even if debris has fallen on the other side. All American Security vault doors can be opened from the inside, ensuring personal safety.

STANDARD FEATURES

- 2" Thick Door
- 10 1/2" Chrome Plated Bolts (5 bolts on inswing doors)
- Adjustable Frame to Fit Walls Ranging From 4 3/4" to 9 1/2" Thick
- Safety Lock Release
- Spy-proof, key-locking dial with decorative five-spoke handle and a convenient pull handle.
- 1 Year Parts and Labor Warranty

StorIt-Cabinets

These elegant, well-appointed 2-drawer and 4-drawer interior chests are the most sophisticated way to store and display your jewelry collection and letter files. These stunning chests are finely crafted with solid-wood maple drawer fronts and maple veneer and finished in a rich honey maple stain. Recessed door pulls give these cabinets a more streamlined appearance and makes for an easier fit into a variety of American Security® safes. All drawers are elegantly lined in a silky, dark red felt and include a variety of StorIt Jewelry Organizer Inserts.

TWO-DRAWER CABINET

Top drawer includes a Three Compartment Ring Organizer and a Seven Compartment Jewelry Organizer. Bottom drawer can be used for bulky items or as a file drawer.

FOUR-DRAWER CABINET

Top drawer includes a Three Compartment Ring Organizer and a Seven Compartment Jewelry Organizer. Drawer Two Includes a

Three Compartment Necklace Organizer. Drawer Three Includes a Four Compartment Watch Organizer. Drawer Four is left open for easy storage of large, bulky items.

STORAGE CABINET SPECIFICATIONS

Model	Outside Dimension	Weight Lbs.
2-Drawer	16 ¾" x 16" x 14" ½	28
4-Drawer	16 ¾" x 16" x 14" ½	29

StorIt-Cabinets are available as an option on the following Gun Safe models:

BFX7250*, BFX7240, BFX6636, BFX6030, BFII7250*, BFII7240, BFII6636, BFII6030, NF6036E5, NF6030E5.

Cabinets do not fit any 6032, 6024 or 5924 models or the TF Series.

*No kit needed for installation on BFX7250 & BFII7250 - Cabinets slide right in.

NOTE: DIFFERENT INTERIOR NEEDS TO BE ORDER WHEN ORDERING CABINETS. REFERENCE INTERIOR KITS ON PRICE SHEET.

THE SAFE CLOAK

HIDE YOUR GUN SAFE IN PLAIN SIGHT!

Instantly disguise your gun safe with American Security's Safe Cloak. Available in five different sizes, the Safe Cloak attaches to your gun safe to instantly disguise it as a wood cabinet. Strong magnets and a sewn-in PVC board at the top easily and securely hold the cloak in place. The thermal-transfer, four-color wood-cabinet print is so good, it will fool not only passersby, but guests as well.

Available in the following sizes: 6024, 6030, 6636, 7240, 7250.

ELECTRONIC LOCK OPTIONS

For quick and easy entry, an electronic lock is the lock of choice. These locks are powered by batteries located in the keypad and allow you to change your combination anytime.

AMERICAN SECURITY ESL10
Available in Brass, Chrome and Black Nickel Finish

AMERICAN SECURITY ESL5
Available in Brass, Chrome and Black Nickel Finish

ROTOBOLT REDUNDANT LOCK
The convenience of an Electronic lock and the trusted reliability of a mechanical combination lock.

SARGENT AND GREENLEAF®
S&G MODEL 6120
Available in Brass or Chrome Finish

SARGENT AND GREENLEAF®
S&G TITAN
"EZ" Keypad, Brass, Chrome or Black Nickel Finish

OTHER OPTIONS

.50 CALIBER HANDLE

Available in Black Nickel BFX, BFII & NF Gun Safes only.

POWER STRIP

3-Outlet Power Strip with two USB ports and removable cord.

DESICCANT

Prevents rust and moisture damage. Recommended for safes without electrical access.

JEWELRY DRAWER

Velvet lined jewelry drawer that can be installed on top or underneath any shelf larger than 10" wide and 13^{13/16} deep.

DEHUMIDIFIER ROD

Keeps your guns safe from the threat of rust, pitting and moisture damage. Electrical access required.

PISTOL RACK

This four-gun rack is ideal for organizing pistols inside your safe.

8" COMPACT LED LIGHT KIT

Features two 8" light strips with high-intensity white LED lights and a motion sensor that automatically turns the lights on when motion is detected. Comes with battery box.

36" LED LIGHT KIT

Has two 36" light strips with high-intensity white LED lights and a motion sensor that automatically turns the lights on when motion is detected. The lights turn off 30 seconds after motion has stopped. This light kit can be installed on any American Security® safe and is also available as a retrofit kit.

AR GUN RACKS

These gun racks are fully adjustable and custom fit the side shelf area of our BFX & BFII series gun safes. Each rack is designed with enough clearance to accommodate extra large front sights or optics. All racks feature rich pin-dot fabric.

PREMIUM UPGRADE PACKAGE FOR BFX, NF AND SF SAFES

When you choose to upgrade your American Security BFX, NF or SF Series with a Premium Package, we'll add on some of our most popular options, including the Dehumidifier Rod, a Jewelry Drawer, an LED light kit*, and a 3-outlet power strip with USB.

*LED light kit standard on BFII gun safes

THE INDUSTRY LEADER FOR OVER 75 YEARS

SF6030E5

Since 1946 American Security® has protected the assets of our clients throughout the world by providing a broad array of safes and consulting services with the highest degree of quality, integrity and responsiveness. Customers have trusted American Security safes for generations. The design of each American Security safe draws on 75 years of experience on protecting the physical assets of our customers. There aren't many criminals with 75 years of experience, so we think that gives us the advantage.

Before the American Security name is attached, each safe must undergo a rigid 28-point inspection. In addition, every American Security safe undergoes the industry's most comprehensive testing program. American Security uses independent agencies such as Underwriters Laboratories to put our designs to the test. We maintain the tightest tolerances and highest standards of fit and finish in the industry.

Our commitment doesn't end there. We have built our company on the commitment to offer the best service in the industry which will insure that American Security remains the industry leader.

Our corporate center is staffed with highly trained Customer Service Representatives and our Service Department is supported by 7,500 factory-trained technicians throughout the world. Technicians are available 24 hours a day, 365 days a year to answer questions and help solve problems with any safe shipped anywhere in the world. We have been providing safes and security solutions to the banking industry since 1946. This type of high security technology is built right into our gun safes.

We produce over 60,000 safes each year and we take protecting our customers' assets very seriously. That's how we got to be the largest security safe manufacturer in the world, and that's why you can't buy a better gun safe than an American Security safe.

Simply put, our reputation is built on product design, innovative technology and the best support in the industry.

It has worked for us for 75 years and it ensures our complete customer satisfaction. The choice is easy:
