CIRCULAR.

IN 1867 we re-classified and re-numbered consecutively all our Locks, Knobs, &c., and issued a small or pocket size **PRICE LIST**, (convenient for ready reference, traveling salesmen, and mailing,) enumerating many additions to our former line of goods. We now present to you a NEW and COMPLETE ILLUSTRATED CATALOGUE and DESCRIPTIVE PRICE LIST for the Counting-room, with corresponding classification and numbers, making further additions to the line of goods. In this, as in List of 1867, we print the *old numbers* adjoining the *new numbers* for convenience of those familiar with the old numbers, but all packages are marked distinctly with the *new numbers* and sold by *those only*.

In soliciting a beginning or continuance of your patronage, we would call your attention to the *great improvements* made in our goods within the past year; also to the additions in kinds and sizes, and particularly to our DIVIDED HUB REVERSIBLE LOCKS, (Rim and Mortise,) which we feel confident in saying that for general appearance, working and durability, are the **BEST RIGHT OR LEFT HAND LOCKS EXTANT**.

All our goods are packed in uniform *strong paper boxes*, the advantages of which can be readily appreciated.

NASHUA LOCK COMPANY.

Established in 1832.

 *The Price of Cases is based on capacity of Mineral Knobs, being 5 cents per Dozen.*
