YOUR CANVAS

Both the architecture and a discerning client provide you with the opportunity for a modern approach. While working with a neutral palette, you're also looking for the right decorative accents to complement the space. The Spectrum series offers the ability to energize your design with a touch of color and flair.

Glass. Chrome. Acrylic. The Spectrum series features high-gloss surfaces, strong geometric shapes and bold accent colors. The artistic quality of R. Christensen hardware is perfect for those who are uninspired by conventional options.

YOUR REPUTATION

It's critical that every element of your design comes together at the right moment. We understand, and support you with prompt, reliable and complete delivery. We'll ship in any quantity, with no minimums or broken box charges. We also make R. Christensen samples available to designers and dealers at 50% off your everyday discount.
