THE BIJOU COLLECTION

THE HISTORY OF BIJOU

The Bijou Collection is the culmination of years of archival designs from Belwith Keeler's rich legacy combined with new ideas. These pieces have been reimagined in exceptional, timeless finishes. This is not merely hardware—this is cabinet jewelry! Rigid lines that once separated the domains of fashion, art, interior design and architecture have long blurred. Home interiors inspired by fashion have come to the fore, driving trends and energizing designers and customers alike to rethink their space as a reflection of self. Unique, one-a-kind and

special. Our wardrobe is how we project ourselves into the world. Our spaces are a reflection of who we are, what we aspire to be and what we call, "home." Make it different, make it uniquely "you."

DESIGNED IN-HOUSE, ALWAYS

Since 1893, Belwith Keeler has built a legacy of artistry and innovation in the hardware industry. Based in Michigan, our team of design professionals scout the latest styles from the furniture and interior design sphere and find inspiration from the latest fashion shows from New York to Milan.

Our designers then re-imagine trending elements of shape and surface into fine hardware for your home, to bring you decorative pieces that are sensational: beautiful to behold and pleasurable to the touch. Our product undergoes intense scrutiny and rigorous finish testing from our master craftsmen and Quality Assurance teams. We check for quality, consistency, fit and finish. Only the very best are added into our living library of legacy design. Our promise is to continue to offer you the very finest.

Dew

In numerous mythologies, water represents life, power, grace and even chaos. Dew embodies the calming beauty of a falling raindrop, or cooled dew seated on a blade of grass. Personified in the form of descending liquid metal, Dew takes a divergent and original step away from and reimagines typical hardware, with softened forms reminiscent of nature.
