2011-2012 MECHANICS TOOLS CATALOG

Blackhawk™ BY PROTO®

When you're working late and facing a tight deadline, it all comes down to two things: you and the tool in your hand.

Since 1945, Blackhawk has manufactured the industrial tools that mechanics depend on in tough situations. Now, as a Proto® line, we've taken our commitment to reliability even further, broadening our catalog of tools into a comprehensive, competitively priced line.

In addition to being reliable, the Blackhawk™ by Proto® line is also complete. Currently, our line includes more than 1,500 items that cover most automotive, light industrial and maintenance applications.

Earlier this year, Blackhawk™ by Proto® went through an extensive line refresh to give you, the professional, exactly what you were asking for. The expansion gives users more choice and flexibility through expanded ranges of available sizes and upgraded features. All Master Sets have been remixed and feature many of the new Blackhawk™ by Proto® products including the pear head ratchets, screwdrivers, pliers and impact sockets. The new line also introduces new products, never offered before such as the 4Box™ ratcheting wrenches, obstacle wrench sets, and locking extensions.

Blackhawk™ by Proto® tools are tools you can count on to work when all that seems to be working is you.

WARRANTY AND DISCLAIMER

Limited Lifetime Warranty:

Except as specified below, Proto® Industrial Tools, a business unit of Stanley Black & Decker, Inc. ("Proto®") warrants any of its Proto® branded products, including products sold by the Proto® Industrial Tools that are marketed as products "by Proto®," for the useful life of the product against defects in material or workmanship.

Torque Wrenches, Torque Multipliers and Torque Testers are warranted for one year, except for calibration which is warranted for 90 days from date of purchase. Torque products can be repaired and recalibrated for a nominal charge at the Proto® Authorized repair center located at 2195 East View Parkway, Ste 103, Conyers, GA, 30013 or any other such location as may be designated by Proto®. Defects in material or workmanship will be repaired or replaced at no cost: all other repairs will be at a nominal charge. Torque products are precise measuring devices that require care in handling. Proto® recommends that all torque wrenches be recalibrated once a year or more, depending on usage.

Disclaimers and Limitations:

This limited lifetime warranty:

- Is subject to the disclaimers and limitations described below and is in lieu of all other warranties, express or implied, including the implied warranty of merchantability or fitness for a particular purpose.
- Gives you specific legal rights. You may also have other rights that vary by state.
- Does not extend to products that have been improperly used, altered, or repaired by any entity other than Proto®.
- Does not cover the following categories of products: universal sockets, universal joints, thin-wall impact sockets, adapters, and retaining rings.
- Does not cover damage due to ordinary wear and tear.
- Does not extend to any claim for incidental, consequential, or special damages. Some states do not allow the exclusion of limitation of incidental or consequential damages, so this exclusion may not apply to you.
- Proto® makes no representations beyond those contained in this Limited Lifetime Warranty.
- Employees and agents of Proto® have no authority to make representations of any sort beyond those contained in this Limited Lifetime Warranty.

Exclusive Remedy and Claim Procedure:

- Distributors of record must act as a return agent.
- The exclusive remedy under this Limited Lifetime Warranty for products determined to be deficient in materials or workmanship by Proto® is repair or replacement with a reconditioned tool of equal value by Proto®.
- The selected remedy is at the sole discretion of Proto®. In no event shall Proto® be responsible for more than the original purchase price of the product.

Questions:

To ask questions about, or to make a claim under, this Limited Lifetime Warranty, contact your Proto® Territory Manager.

MASTER TOOL SETS

Now featuring ratcheting wrenches, Blackhawk™ by Proto® master sets include the most popular standard and metric sizes in multiple drives sizes and configurations. In addition to sockets, drive tools and wrenches, select sets include screwdrivers, punches, chisels, pliers, and specialty hand tools for any job. Sets range from 80 to 1170 pieces and offer discounted pricing over purchasing the components individually.

TOOL STORAGE

TOP CHESTS, ROLLER CABINETS & HAND HELD STORAGE

Industrial, heavy gauge steel construction with recessed drawers keep drawer handles flush with front and minimize catching clothing and other objects in the work environment. Ball-bearing drawer slides have 100 lbs. capacity for heavy loads, full extension for easy access to complete drawer contents and quick release ball-bearing track slide for easy drawer removal. All roller cabinets and top chests have keyed locks for security and come in high gloss black finish.

SOCKETS & ACCESSORIES

DESIGNED TO IMPROVE PRODUCTIVITY

The new series of Blackhawk™ by Proto® pear head ratchets, available in both standard and quick-release styles feature a 72 tooth mechanism which allows greater workability in tight areas. When paired with our Blackhawk™ by Proto® sockets that apply contact on the flat edges of the fastener (not the points), this combination helps to increase the torque on the fastener, reduces rounding, and provides additional safety for the operator. Ratchets, sockets, and accessories are double-nickel chrome plated for a corrosion resistant, full polish finish.

WRENCHES

RATCHETING AND STANDARD WRENCHES IN EVERY STYLE

Ratcheting wrenches have become synonymous with the Blackhawk™ by Proto® brand. Available in a variety of styles, lengths and set configurations, including the new obstacle reverse ratcheting sets with flank adapters, these wrenches offer true versatility to go places a traditional ratchet and socket cannot.

Our standard combination wrenches are available in full polish chrome, satin finish chrome, and black oxide, finished to meet the needs of our industrial end-users.

IMPACT SOCKETS & ACCESSORIES

BUILT FOR POWERED APPLICATIONS

Blackhawk™ by Proto® impact sockets now feature laser etched and stamped markings to better identify sizes in any working condition as well as a non-slip black oxide finish. With drive sizes ranging from 1/4" to 3/4" and fastener sizes from T9 Torx® to 1-5/8" we have most light industrial and automotive applications covered. Sets now include convenient blow mold cases for storage and transport.

SCREWDRIVERS, NUTDRIVERS, HEX KEYS & BITS

Introducing an entirely new range of screwdrivers and power bits. Featuring tri-material handles and wrench bolsters on the larger sizes, the Blackhawk™ by Proto® screwdriver line now includes more sizes and fastener types than ever before, including a seven bit ratcheting screwdriver with straight and pistol grips. Screwdriver tips feature grit blasted contact points to reduce chrome peel and provide tighter contact with the fastener head. Our power insert bits now come in convenient sets for bulk and job specific use.

SPECIALTY TOOLS

Meeting the needs of automotive customers and MRO organizations, no toolbox is complete without an assortment of specialty items. Blackhawk™ by Proto® includes popular puller configurations, automotive feeler gauges; as well as engine, brake and wheel tools. A range of cleaning brushes, scrapers and hacksaws round out the category.

TAPERED BEARING SPLINTER

Item #: ET-1207

- Designed for the removal of bearings, thin-faced gears and cone-shaped gears.
- Beveled edge allows insertion behind pulleys, gears, or bearings where space limitations preclude the use of a standard jaw puller.
- Max Reach: 4-1/4"
- Weight (lbs): 5.07

BODY DENT PULLER

Item #: ET-1710

- Removes auto body creases and dents without disturbing upholstery, headliners and body hardware.
- Removing inner panels of dented area is also eliminated.
- Punch or drill hole in dented panel, insert self-threading screw or hook and with a few raps of the sliding hammer return metal to its original shape.
- Sturdy plastic handle and black oxide body.
- Overall Length (in): 13
- Weight (lbs): 3.72

BATTERY TERMINAL & GENERATOR BEARING PULLER

Item #: ET-1071A

- Designed to engage either below or on the the sides of the cable terminals and lift even badly corroded terminals with no harm to the battery case or posts.
- The swivel allows its use as a generator bearing puller and magneto gear puller.
- Weight (lbs): 0.64

STEERING WHEEL PULLER

Item #: ET-1328A

- Any steering wheel that is tapped to take cap screws can be easily removed with this Steering Wheel Puller, for removing flanges, pulleys, etc.
- For use over a hollow shaft, a nipple is supplied to provide a base for the screw.
- Also includes adapters for Buick® and Chrysler® products (not shown.)
- Weight (lbs): 2.25

Blackhawk BY PROTO

Blackhawk™ by Proto® not available in all countries.

WARRANTY AND DISCLAIMER

Limited Lifetime Warranty:

Except as specified below, Proto® Industrial Tools, a business unit of Stanley Black & Decker, Inc. ("Proto®") warrants any of its Proto® branded products, including products sold by the Proto® Industrial Tools that are marketed as products "by Proto®," for the useful life of the product against defects in material or workmanship.

Torque Wrenches, Torque Multipliers and Torque Testers are warranted for one year, except for calibration which is warranted for 90 days from date of purchase. Torque products can be repaired and recalibrated for a nominal charge at the Proto® Authorized repair center located at 2195 East View Parkway, Ste 103, Conyers, GA, 30013 or any other such location as may be designated by Proto®. Defects in material or workmanship will be repaired or replaced at no cost: all other repairs will be at a nominal charge. Torque products are precise measuring devices that require care in handling. Proto® recommends that all torque wrenches be recalibrated once a year or more, depending on usage.

Disclaimers and Limitations:

This limited lifetime warranty:

- Is subject to the disclaimers and limitations described below and is in lieu of all other warranties, express or implied, including the implied warranty of merchantability or fitness for a particular purpose.
- Gives you specific legal rights. You may also have other rights that vary by state.
- Does not extend to products that have been improperly used, altered, or repaired by any entity other than Proto®.
- Does not cover the following categories of products: universal sockets, universal joints, thin-wall impact sockets, adapters, and retaining rings.
- Does not cover damage due to ordinary wear and tear.
- Does not extend to any claim for incidental, consequential, or special damages. Some states do not allow the exclusion of limitation of incidental or consequential damages, so this exclusion may not apply to you.
- Proto® makes no representations beyond those contained in this Limited Lifetime Warranty.
- Employees and agents of Proto® have no authority to make representations of any sort beyond those contained in this Limited Lifetime Warranty.

Exclusive Remedy and Claim Procedure:

- Distributors of record must act as a return agent.
- The exclusive remedy under this Limited Lifetime Warranty for products determined to be deficient in materials or workmanship by Proto® is repair or replacement with a reconditioned tool of equal value by Proto®.
- The selected remedy is at the sole discretion of Proto®. In no event shall Proto® be responsible for more than the original purchase price of the product.

Questions:

To ask questions about, or to make a claim under, this Limited Lifetime Warranty, contact your Proto® Territory Manager.
