

Solid Carbide Double-Flute O-Flute Bits

Micrograin bits for fast, smooth plastic cutting at high speeds.
Two-flute design provides an exceptional edge finish. Good for soft plastics such as ABS, polycarbonate, polyethylene and PVC.

| Item # | A. Overall Diameter | B. Cutting Edge Length | C. Shank Diameter | D. Overall Length |
|---------------|---------------------|------------------------|-------------------|-------------------|
| 86007M | 1/8" | 1/2" | 1/4" | 2" |
| 86010M | 1/4" | 1" | 1/4" | 2-1/2" |
