

VP Options

“DS” Dye-Sublimation Option

When applied over stainless steel, our dye-sublimation option will bring a new meaning to high definition photographic imaging.

Features

Durable in supporting heavy traffic openings with supreme UV and salt test results.

Options

Wood-Grained Finishes - Cherry “DSC”, Oak “DSO” and Teak “DST”. Other wood grain finishes available upon request.

Marble Finishes - White “DSWM” and Black “DSBM”. Other custom designs or patterns are available upon request.

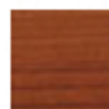

“SF” **Split Finish** option is also available in this series by indicating the architectural finish required on both the ends and posts.

Ordering

Choose an option and add the abbreviated suffix after the VP series product number as shown below.

DSO – Oak Wood Grain

DSC – Cherry Wood Grain

DST – Teak Wood Grain

DSWM – White Marble

DSBM – Black Marble

Ordering Example #VP4241DSC-48 X US32D

VP4241 (product #) + DSC (cherry finish) + 48 (represents center-to center required) + US32D (satin stainless finish)
