

Instruction Manual for PDL-200

Privacy Door Latch Disengage Tool

1. Unlock and open the door until it stops on the installed Privacy Door Latch.
2. Insert the PDL-200 into the gap between the frame and door and position the hook part of the PDL-200 over the privacy door latch.
3. Pull the door towards you and then pull the PDL-200 as the door closes. This should disengage the privacy door latch.

4. Repeat steps 1-3 if necessary.
