ETP-402KS – Information/Access Keypad Phone

Description
Model **ETP-402KS** is an outdoor-rated, ADA-compliant hands-free Information/Access Keypad Phone for use in locations such as parking facilities, college campuses, controlled access gates, medical centers and industrial parks.

Features
- Typically used on a PBX line, keypad can be used to make calls to numbers authorized by the administrator
- Cast metal raised letter and Braille signage for ADA compliance
- Vandal resistant stainless steel faceplate and metal buttons
- Phone line powered: no power supply or battery back-up needed
- Auxiliary outputs to integrate with CCTV, Blue Light Strobe and other devices
- Circuit boards are conformally coated for water protection
- LED indicator for hearing impaired
- Auto-answer allows security to monitor and initiate calls with Keypad Phone
