

Ultra HD Megapixel Lenses

Arecont Vision Ultra HD Megapixel Lenses

Tamron M118FM08 Tamron M118FM16 Spacecom JHF25M Spacecom JHF35M

Ultra HD Megapixel Lenses are used in conjunction with Arecont Vision 5MP and 10 megapixel MegaVideo® cameras to deliver maximum performance and image quality.

Arecont Vision Advantages:

Comparing traditional security megapixel lenses, Ultra HD Megapixel lenses have below advantages:

- Larger aperture, F1.4
- Higher sharpness
- Lower distortion
- Better relative illumination
- Less chromatic aberration
