

Deadbolt Locks For Doors

Surface Mounted

- Requires 57/64" diameter hole for cylinder.
- Key required to engage lock and is removable in both locked and unlocked positions.
- Advantage PLUS feature makes key changes easier by allowing you to remove the cylinder while the lock remains in place with a 5/64" allen wrench - no mounting screws need to be removed.
- All are ANSI/BHMA certified Grade 2 A156.11.
- Supplied with two keys, strike and mounting screws.
- If trim ring is required, see NLC2017 Series on page D-28.

• Stock Keying is specified on table below:

KA - **All Keyed Alike** to key number specified, master key will not work on these locks

KD - **All Keyed Different**, various lock numbers, master key will not work on these locks

Packing: 10 each per box.

Sold in: Both broken and full box quantities.

Discount available for full box orders.
