

SMARTWASHER® PARTS CLEANING SYSTEM

SMARTWASHER uses the process of **bioremediation** – the accelerated break down of organic compounds such as grease, grime, varnish, oil, carbon and other heavy industrial soils through the use of nonpathogenic microbes. The microbes, suspended in fluid that re-circulates through the unit, literally **eat their way through soils**, converting them into harmless water and carbon dioxide (CO₂). The solution remains clean and usable, unlike traditional solvent-based systems where the solution becomes dirty and less effective over time. Disposal becomes a non-issue, as hazardous waste streams are eliminated.

SMARTWASHER UNITS FEATURE:

JUST SAY NO!

- **NO VOC Concerns**
- **No Toxic Solvents**
- **No Flash Point Fluid**
- **No Service Contracts**
- **No Hazardous Waste Hauling**
- **No Health and Safety Hazards**

SMARTWASHER®

The SMARTWASHER System consists of a sturdy, impact resistant, self-contained washing unit with a flexible nozzle and brush that direct warmed cleaning fluid for parts washing. The fluid works in conjunction with a special microbe impregnated filter to effectively clean the dirtiest parts. Both units require 25 gallons of SMARTWASHER fluid and one filter for start-up.

SMARTWASHER Units feature:

- Flexible nozzle and brush
- Recirculating pump
- Low fluid indicator light/low fluid automatic shut-off
- Impact Resistant Construction
- Thermostat
- Energy efficient heater

SmartWasher® 41

Has a large 8"H x 41"W x 24"D sink that removes for easy cleaning.

Part Number 14144

SmartWasher® 28

Has an 8"H x 28"W x 17"D sink that removes for easy cleaning.

Part Number 14145

SMARTWASHER® CLEANING SOLUTIONS

Aqueous, pH neutral, non-corrosive, non-flammable, biodegradable and contain no VOCs. Solutions work in conjunction with filters when warmed to 105°F by the units. All cleaning solutions are certified as Clean Air Solvents by the South Coast Air Quality Management District (SCAQMD).

- **Industrial Grade Cleaning Solution** Removes the toughest industrial soils with minimal odor.
- **Automotive & Ink Grade Cleaning Solution** Removes printers ink and automotive carbon and varnishes.
- **Specialty Metals Cleaning Solution** Maximum strength, low odor formula removes soils from both ferrous and non-ferrous metals. Perfect for use on all aircraft metals.
- **Low Foam Industrial Cleaning Solution** Removes the toughest industrial soils with minimal odor and with little or no foam.

Part Number	Description	Container Size	Units per Case
14148	Industrial Grade Cleaning Solution	5 Gallon Pail	1
14156	Automotive & Ink Grade Cleaning Solution	5 Gallon Pail	1
14158	Specialty Metals Cleaning Solution	5 Gallon Pail	1
14159	Low Foam Industrial Cleaning Solution	5 Gallon Pail	1

SMARTWASHER® FILTERS

Removes dirt and residue particles down to 50 microns. Filters must be used for proper cleaning and operation of SMARTWASHER System.

- **Multi-Layer Filter** Three filters in one for heavy use applications. Simply peel back and remove each layer as it becomes clogged to reveal fresh layer. Extends working life of filter.
- **Premium Grade Filter** Works with all fluids and contains 50% more microbes for maximum bioremediation.
- **Regular Grade Filter** Works with all grades of fluid
