

CRL Aluminum Single Pad Vacuum Lifter

Lifting Capacity
66 Lbs. (30 kg)

- Compact Design
- One-Handed Operation

The split-handle design of the CRL Aluminum Single Pad Vacuum Lifter allows you to securely attach the pad to surfaces by simply pressing against the glass, then squeezing the two handle sections together. Also suitable for slightly curved or textured surfaces. The pad diameter is 4-1/2" (114 mm). Minimum order is one each.

CAT. NO. 05061

CRL Aluminum Double Pad Vacuum Lifter

Lifting Capacity
132 Lbs. (60 kg)

- Handle Design Allows Easy Maneuvering
- Strong, Lightweight Aluminum

The CRL Aluminum Double Pad Vacuum Lifter is suitable for all types of loads. Made with a combination of synthetic material and the high strength of lightweight aluminum, it has a powerful lifting capacity of 132 lbs. (60 kg). It's suitable for slightly curved or textured surfaces. The pad diameter is 4-1/2" (114 mm). Minimum order is one each.

CAT. NO. 05062

CRL Aluminum Movable Double Pad Vacuum Lifter

Lifting Capacity
132 Lbs. (60 kg)

- Movable Pads Self-Adjust to Curved Glass
- Suitable for Glass, Plastic, Metal, Coated Wood, Marble, and Any Other Smooth, Airtight Surface

Tested to high standards, the lightweight CRL Aluminum Double Vacuum Lifter with movable pad design attaches quickly to curved glass during use. Tilting over the levers creates a vacuum suction to the substrate. Always check for resistance caused by the vacuum build-up while doing this to ensure proper attachment is made. The lifting capacity is 132 lbs. (60 kg). The pad diameter is 4-1/2" (114 mm). Minimum order is one each.

CAT. NO. 05064

CRL Aluminum Triple Pad Vacuum Lifter

Lifting Capacity
220 Lbs. (100 kg)

- Three Suction Pads Individually Operated
- Strong, Lightweight Aluminum

Tilting over the three levers of the CRL Aluminum Triple Pad Vacuum Lifter produces a huge 220 lb. (100 kg) lifting capacity. As with all CRL Aluminum Vacuum Lifters, the ergonomically designed handle remains comfortable even through long use. The durable metal construction and hard coating make it tough enough for everyday use and years of reliable service. The pad diameter is 4-1/2" (114 mm). Minimum order is one each.

CAT. NO. 05063

CRL Replacement Rubber Pad for Vacuum Lifters

- 4-1/2" (114 mm) Diameter Pad Fits Both Our Plastic and Aluminum Vacuum Lifters
- Lever Included

This CRL Replacement Pad is compatible with both our Plastic and Aluminum Vacuum Lifters. It is 4-1/2" (114 mm) in diameter and the lever is included. To order just the Lever and Pin only use Cat. No. RR0506LVR. Minimum order is one each.
