

CRL Brand Heavy-Duty Vacuum Cups

- Large 5" Diameter Pads
- Heavy-Duty Cast Construction
- Made by CRL in the U.S.A.

These Heavy-Duty CRL Vacuum Cups have the industry-proven design that has been a favorite of the glass industry for decades. Their cast frames have a smooth yet durable finish that resists corrosion and the abuse that comes from everyday use. The large 5" (127 mm) diameter rubber pads get a good grip on glass, marble, granite or any smooth surface material. These are a practical and affordable material handling system that will give you years of good service. They're quality made by CRL in the U.S.A.

CAT. NO.	DESCRIPTION	CUPS	WEIGHT CAPACITY*
505	Single Vacuum Cup	1	40 lbs. (19 kg)
550	Double Vacuum Cup	2	125 lbs. (56 kg)
550A	Cross-Handle Double Vacuum Cup	2	100 lbs. (45 kg)
555	Triple Vacuum Cup	3	150 lbs. (68 kg)
RR150	Replacement Rubber Pad	—	—

Minimum order: 1 each. *Recommend maximum weight capacity under ideal conditions using unblemished cups on clean surfaces. Always observe safe lifting practices.

CRL Aluminum Vacuum Cups

- Four Models to Choose From
- Strong, Lightweight Aluminum

CRL Aluminum Vacuum Cups are easy to use with their simple lever action. Their high quality rubber pads develop a tremendous amount of vacuum for maximum lifting power. They will adhere to any smooth, non-porous surface such as glass, mirror, steel, aluminum, laminates, and plastics. Made with a combination of synthetic material and the high strength of lightweight aluminum. Rubber vacuum pads measure 4-1/2" (114 mm), and are easily replaced when worn or damaged.

CAT. NO.	DESCRIPTION	CUPS	WEIGHT CAPACITY*
05061	Single Vacuum Cup	1	66 lbs. (30 kg)
05062	Double Vacuum Cup	2	132 lbs. (60 kg)
05064	Movable Double Vacuum Cup	2	132 lbs. (60 kg)
05063	Triple Vacuum Cup	3	220 lbs. (100 kg)
RR0506	Replacement Rubber Pad and Trigger	—	—

Minimum order: 1 each. *Recommend maximum weight capacity under ideal conditions using unblemished cups on clean surfaces. Always observe safe lifting practices.
