

CRL Rubber Apron

- Full Splash Protection
- 44" (1118 mm) Long

This full-length, rubberized nylon, CRL Rubber Apron with welded seams and grommets for cotton shoulder straps offers full splash protection, while being comfortable to wear. It is even washable in cold water. Minimum order is one each.

CAT. NO. 114

CRL Neoprene Apron

- Lightweight Protection
- 45" (1143 mm) Long

CRL's bright Yellow Neoprene Apron has a nylon base fabric. This lightweight Apron is comfortable to wear with a convenient neck strap and ties in back. It is ideal for protecting clothing during wet fabrication operations. Minimum order is one each.

CAT. NO. 2404290

CRL Fabricators Apron

- Extra Long and Wide
- Stretchable Waist Belt

CRL's Fabricators Apron is both light and durable. It is 48" (1291 mm) long and 33" (838 mm) wide. Made of extra-tough Cordura, the blue and black Apron has a stretchable waist belt with buckle. Wear the apron with CRL's Cat. No. 2404287 Fabricators Sleeves for maximum protection. Minimum order is one each.

CAT. NO. 2404289

CRL Fabricators Sleeves

- Soft Wrist Seal
- Wear Over Sweatshirt or Jacket

CRL's Fabricators Sleeves are the solution for splash protection when wet polishing or working with water fed tools. The 18" (457 mm) long black sleeves can be comfortably worn over a sweater or jacket during cool weather since they provide extra warmth and are waterproof. Minimum order is one pair.

CAT. NO. 2404287

CRL Nylon Rain Suit

- Cut to Fit Over Clothing
- Reflective Material on Arms and Legs

CRL's Nylon Rain Suit includes a storm jacket with zippered closure, pants with an elastic waist, and a detachable hood. The black suit with yellow reflective stripes is made from lightweight, durable .18 mm thick 190T nylon with a PVC backing. The suit has an internal back mesh for breathability, and the pants come with a convenient, durable drawstring.
