

## CRL Tilting Crate Handler

- 4,000 Pound (1814 kg) Capacity
- Designed to Move Full Crates
- Solid Steel Construction

The CRL Solid Steel Tilting Crate Handler can lean forward to lift crates like a common dolly then lean back on to its rollers for moving the crates throughout the shop. This Handler has extending support arms which extend 24" (610 mm) on either end, increasing the load capacity to 120" (3048 mm) wide. The back support braces are adjustable for changing the tilt angle of the handler to increase the load capacity. Designed to carry loads up to 60" (1524 mm) high and 4,000 lbs. (1814 kg) in weight. This Handler measures 40" (1016 mm) wide, 72" (1829 mm) long (with extensions retracted), and 52" (1321 mm) high. Approximate shipping weight is 180 lbs. (82 kg). Ships disassembled F.O.B. the nearest CRL service center. Minimum order is one each.

## CRL Tilt Back Table Truck

- 4,000 Pound (1814 kg) Capacity
- Tilts Back to Become a Table

Tilt it Back, It's a Table!

With the CRL Tilt Back Table Truck you can move crates around the shop, or it can be tilted back 90 degrees (with ample manpower) to act as a 26" (660 mm) high table supported by strong steel rear legs and front tip-up shoes. With the truck in this position, it becomes a stable surface for marking, cutting or unloading of glass. Maximum truck capacity is 4000 lbs. (1814 kg). Truck measures 50" (1270 mm) wide, 72" (1829 mm) long, and 56" (1422 mm) high. Approximate shipping weight is 200 lbs. (90.7 kg). Ships disassembled F.O.B. the nearest CRL service center. Minimum order is one each.

## CRL "Jumbo" Flat Crate Truck

- 4,000 Pound (1814 kg) Capacity
- Handles Jumbo Size Crates

This CRL Jumbo Crate Truck has the capability to move large crates with a maximum thickness up to 10" (254 mm) and a maximum height up to 72" (1829 mm). The heavy-duty tubular steel frame and the 6" (152 mm) diameter swivel casters (two locking) provide a maximum working capacity of 4,000 lbs. (1814 kg). This truck measures 48" (1270 mm) wide, 72" (1829 mm) long, and 73" (1854 mm) high. Shipping weight is 160 lbs. (72.6 kg). Ships disassembled F.O.B. the nearest CRL service center. Minimum order is one each.
