

28° Rotation Latch

Concealed Fastener Mechanism

Ring Fastener

CF Mechanism

Concealed Fastener Mechanism

Sleek concealed fastener system with no exposed screws. Available for all Brass, Stainless Steel, Bronze, Crystal, and Porcelain interior passage and privacy locksets.

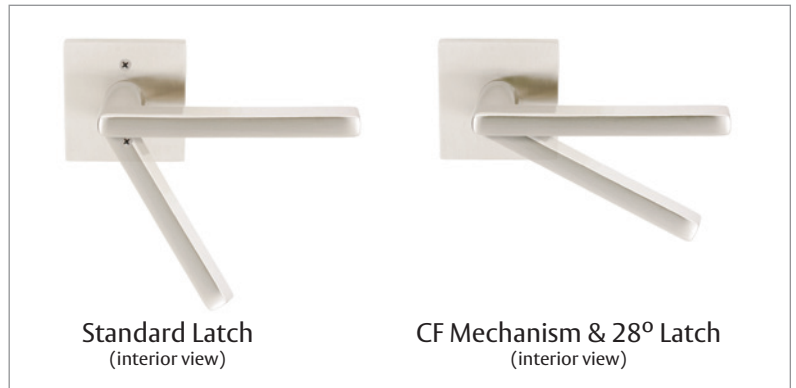

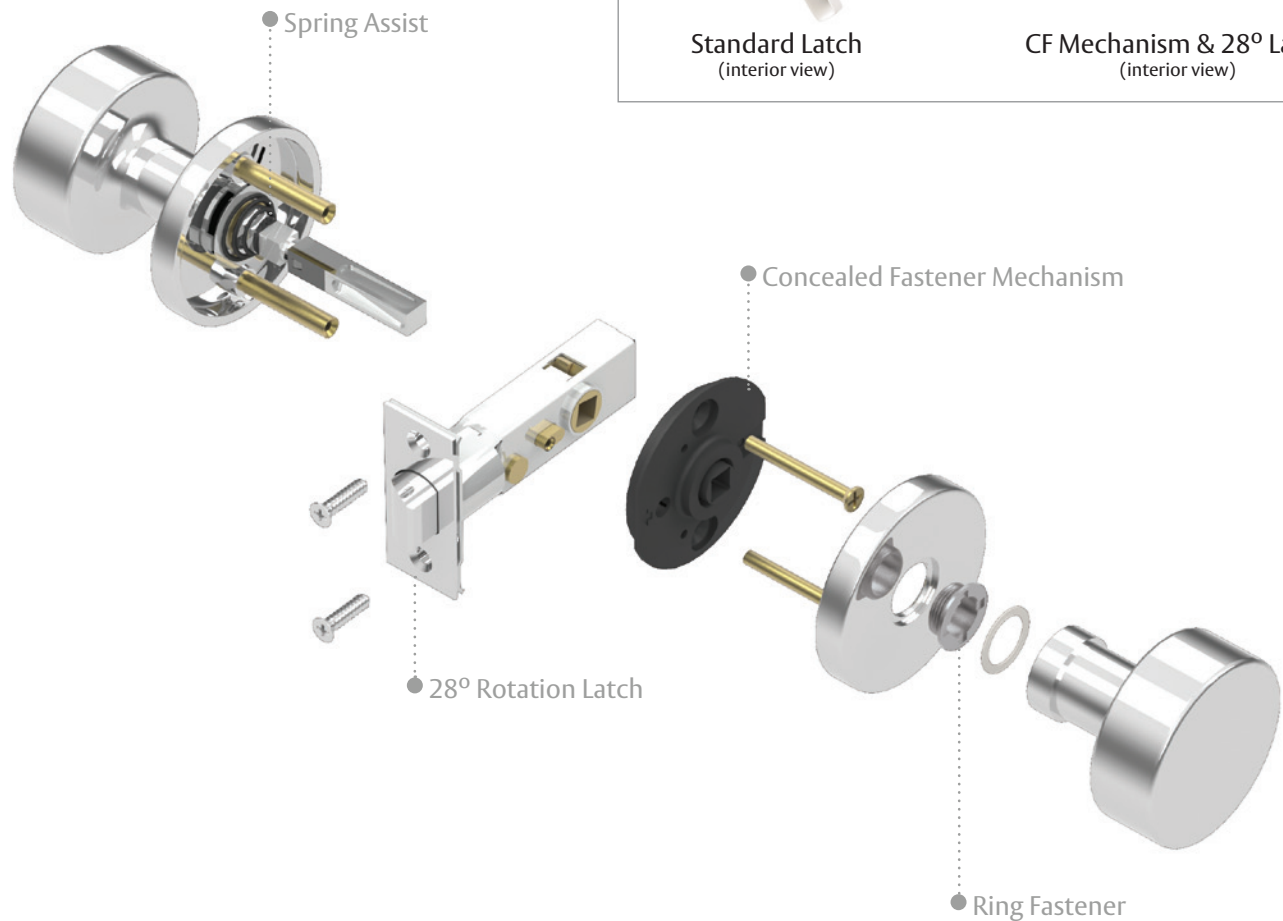

Key Features

- Fits a standard 2 1/8" door prep
- Fits door thickness from 1 3/8" to 1 3/4", extended door thicknesses can be accommodated up to 2 3/4" when specified
- Choice of 2 3/8" or 2 3/4" backset
- No handing required
- Easy, simple installation
- Lifetime Limited Mechanical Warranty

CF Mechanism

Concealed Fasteners and 28° Latch

Elegance by Design

Adopt a concealed fastener mechanism and a geared, limited rotation latch as an option for Emtex passage and privacy locksets. With more than 4,000 design combinations available, you'll be sure to find the perfect complement to your décor.

Easy Installation

Emtek's CF Mechanism is quick and easy to install. Ordering is also simple, no handing is required.

Lifetime Functionality

Emtek's innovative chassis design is spring loaded on both sides and comes standard with a 28° rotation latch. Operation is smooth and long term reliability is ensured. Every CF Mechanism is backed by Emtex's CF Mechanism Lifetime Limited Mechanical Warranty.

EMTEK®

ASSA ABLOY

Trim for Swinging Patio Doors

MULTI POINT LOCK TRIM

ASSA ABLOY, the global leader in door opening solutions

Emtek is dedicated to bringing interesting, well made hardware back into American homes. We strive to provide a broad range of products that provide both superior performance and compelling design. The Emtek product line includes door locks, cabinet hardware, bath hardware, hinges, and door accessories.

Founded in 1981, Emtek began by manufacturing specialty hardware products for door manufacturing companies. In the mid 1980's the company began making a limited range of solid brass door levers for specialty hardware dealers in the Los Angeles area. Over the past twenty five years we have broadened our product line and our customer base. Today Emtek has dealers in all fifty states as well as across Canada.

Emtek assembles locksets to order in City of Industry, California. Customers are encouraged to select knobs, levers, and rosettes with styles and finishes that complement their individual decor. Locks are custom assembled and shipped by express service to dealers across North America. Normal lead times are one to two days and most orders are received by dealers within five days.

In this brochure you will find examples of the numerous styles of Multi Point Lock Trims available from Emtek. To see Emtek's complete product offering please visit your local Emtek dealer or our website at **www.emtek.com**.

In 1999 Emtek was acquired by ASSA ABLOY, the largest lock manufacturing company in the world. ASSA ABLOY is headquartered in Stockholm, Sweden, and has operations throughout the world.

ASSA ABLOY, the global leader in door opening solutions

EMTEK®
ASSA ABLOY

The logo consists of the word "EMTEK" in a bold, sans-serif font, enclosed within a rectangular border. This is centered on a light gray background that is flanked by two darker gray rectangular blocks.

Emtek is dedicated to bringing interesting, well made hardware back into American homes. We strive to provide a broad range of products that provide both superior performance and compelling design. The Emtek product line includes door locks, cabinet hardware, bath hardware, hinges, and door accessories.

Founded in 1981, Emtek began by manufacturing specialty hardware products for door manufacturing companies. In the mid 1980's the company began making a limited range of solid brass door levers for specialty hardware dealers in the Los Angeles area. Over the past twenty five years we have broadened our product line and our customer base. Today Emtek has dealers in all fifty states as well as across Canada.

Emtek assembles locksets to order in City of Industry, California. Customers are encouraged to select knobs, levers, and rosettes with styles and finishes that complement their individual decor. Locks are custom assembled and shipped by express service to dealers across North America. Normal lead times are one to two days and most orders are received by dealers within five days.

In this brochure you will find examples of the numerous styles of door hardware available from Emtek. To see Emtek's complete product offering please visit your local Emtek dealer or our website at **www.emtek.com**.

In 1999 Emtek was acquired by ASSA ABLOY, the largest lock manufacturing company in the world. ASSA ABLOY is headquartered in Stockholm, Sweden, and has operations throughout the world.

Rustic Living Sandcast Bronze

Emtek bronze hardware is produced using ancient sand casting methods. This process results in bronze hardware that demonstrates the richness of the material through its rough, natural details.

EMTEK[®]
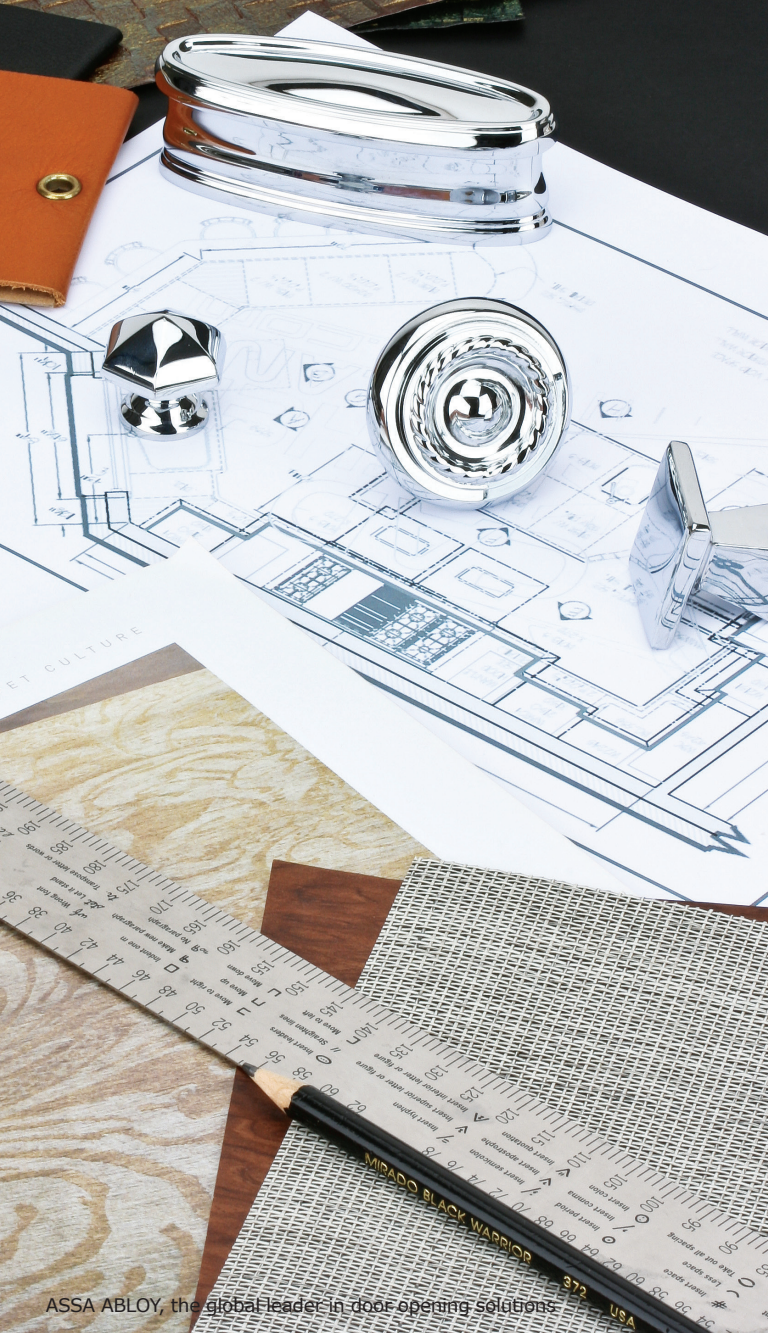

ASSA ABLOY

CABINET AND BATH HARDWARE

ASSA ABLOY, the global leader in door opening solutions

The Emtek logo consists of the word "EMTEK" in a bold, sans-serif font, enclosed within a rectangular border. The logo is centered on a light gray background.

EMTEK

Emtek is dedicated to bringing interesting, well made hardware back into American homes. We strive to provide a broad range of products that provide both superior performance and compelling design. The Emtek product line includes cabinet hardware, bath hardware, door locks, hinges, and door accessories.

Founded in 1981, Emtek began by manufacturing specialty hardware products for door manufacturing companies. In the mid 1980's the company began making a limited range of solid brass door levers for specialty hardware dealers in the Los Angeles area. Over the past twenty five years we have broadened our product line and our customer base. Today Emtek has dealers in all fifty states as well as across Canada.

Emtek is located in City of Industry, California. Orders are custom assembled and shipped by express service to dealers across North America. Normal lead times are one to two days and most orders are received by dealers within five days.

In this brochure you will find examples of the numerous styles of cabinet and bath hardware available from Emtek. To see Emtek's complete product offering please visit your local Emtek dealer or our website at **www.emtek.com**.

In 1999 Emtek was acquired by ASSA ABLOY, the largest lock manufacturing company in the world. ASSA ABLOY is headquartered in Stockholm, Sweden, and has operations throughout the world.
