

Häfele Ixconnect SC 8/60

ixconnect

- > One-piece connector
- > Can also be used as cabinet connector for large furniture items
- > Quick and easy installation
- > For concealed applications, only a Ø6 mm (1/4") drill hole for securing the connector is visible after installation
- > Separable connection
- > For concealed installation of cabinet connections in chipboard
- > For wood thickness: from 15 mm (5/8")
- > Plug fits into drill hole Ø8 mm (5/16") without tools, the connector expands with a 180° turn of the tightening screw with SW3 hexagon socket.
- > Material: Plastic/Zinc Alloy; Color: red/gray

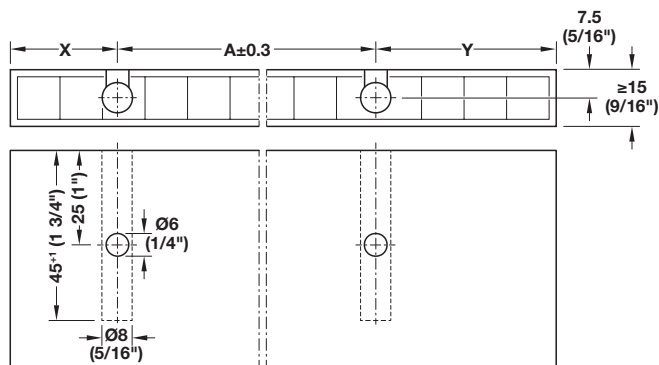

→ Spreading Connector

Installation

1. Join components using connector
2. Turn by 180°: The connector expands and the components are pulled together
