

Jigs

→ Drilling Jig for Puck Light

**Item No.**  
001.35.052

**Supplied With**

- 1 Jig
- 1 2 1/4" Forstner bit
- 1 2 1/8" Forstner bit
- 1 12" x 3/8" drill bit

→ Drill Bit for Puck Light

- > With stop
- > High grade steel material for increased drill life
- > Allows for deeper wire holes
- > Ø X L: 10 x 457 mm (3/8" x 18")
- > Material: M2 HSS Steel

→ Forstner Bit Assembly, for Puck Light

- > Superior Austrian quality
- > High grade steel material with patented wave cutting edge
- > Patented cutting edge drills 10x faster than standard bits
- > Modified low-profile brad point tip for flat bottom hole
- > Material: HSS Steel

| Diameter    | Item No.   |
|-------------|------------|
| 54 (2 1/8") | 001.35.054 |
| 57 (2 1/4") | 001.35.055 |

**Supplied With**

- Adjustable depth stop
- Collar
- Hex key

**Supplied With**  
Hex key

**Item No.**  
001.35.053

→ HSS Twist Drill Bit Set, 3 piece

- > For drilling deep holes in all types of wood, MDF and acrylic
- > With centering tip
- > Lengths: Ø8–460 mm (5/16"–18 1/8")  
Ø10–460 mm (3/8"–18 1/8")  
Ø12–250 mm (1/2"–9 13/16")
- > Material: HSS Steel

**Item No.**  
001.20.354

**Supplied With**  
1 Bit of each size

→ Häfele Drilling Jig

- > Precision drill holes in furniture side panels for leads and switches for Loox lights
- > Drill holes for soft closing mechanism for doors, dowels, shelf supports or cruciform mounting plates
- > Compact design for already assembled furniture
- > For table top thickness: 16, 19 and 25 mm (5/8", 3/4", 1")
- > 5 mm (3/16") sleeves for drill holes for mounting plates
- > Length: 75 mm (3")
- > Drilling sleeves: 8, 10 and 12 mm (5/16", 3/8", 1/2")

**Item No.**  
001.25.080

# Accessories

## Drill bits and systems

### Drilling jig - for puck light

> Supplied with: Jig, 2 boring bits, 1 drill bit

| Item No.   |
|------------|
| 001.35.052 |

### Drill bit - for puck light, with stop

> Material: M2 HSS Steel  
 > Ø x L: 10 x 457 mm (3/8" x 18")  
 > Supplied with: Hex key

| Item No.   |
|------------|
| 001.35.053 |

! High grade steel material for increased drill life.  
 Allows for deeper wire holes.

### Forstner bit assembly - for puck light

> Material: HSS Steel  
 > Supplied with: Adjustable depth stop, collar, hex key

| Ø           | Item No.   |
|-------------|------------|
| 54 (2 1/8") | 001.35.054 |
| 56 (2 1/4") | 001.35.055 |

! Superior Austrian quality.  
 High grade steel material with patented wave cutting edge.  
 Patented cutting edge drills 10x faster than standard bits.  
 Modified low-profile brad point tip for flat bottom hole.
