

National Locks High Security

Note

The PLUS feature allows you to remove the cylinder from our pin tumbler box locks while the lock remains in place. No mounting screws need to be removed. Simply use a 2 mm (5/64") hex wrench from the back to remove the cylinder for re-keying.

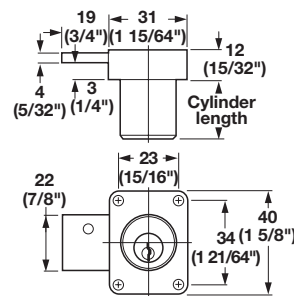

- > Locks on this page meet or exceed ANSI/BHMA Grade 2 (Grade 1 available upon request)
- > Approved by the Woodworkers Institute (formerly WIC)

Note

Custom Master keying and General Master key systems available upon request.
