				1.5 m (4' 11 1/16")	940.42.051
				2 m (6' 6 3/4")	940.42.052

**Installation**

**Mounting rail installation: Observe the position inside the pocket**

**The running track is always clipped in the direction of the locking point. The running track is secured in place with screws around the opening area.**

**Note**

The dimension from the edge of the door to the center of the suspension on the pocket side needs to be observed. This is required when the sliding door is swiveled into the pocket door opening during assembly.

Dimensional data not binding. Dimensions in mm, inches are approximate. We reserve the right to alter specifications without notice.
