Modular Access Control Supply

Description:

- Regulated modular access control power supply
- Equipped with a high performance transformer and highly reliable electronic components
- Filtering and output voltage regulation provide protection and ensure the longevity of all system components

PRODUCT SPECIFICATIONS

FEATURES:

- Fire alarm input that provides simultaneous release of all Fail Safe locks and door holders in case of emergency
- Field selectable output that provides 12 VDC or 24 VDC
- Circuit breaker protected AC input voltage - secondary output is PTC protected
- LED status indicators to provide information regarding the AC input, DC output, and battery backup status
- Separate PTC protected charging output
- Optional dual 12 VDC or 24 VDC outputs
- Standard California compliant manual release

INPUT:

- 115 VAC, 600 mA, 50/60 Hz (230 VAC optional)

OUTPUT:

- 12/24 VDC, 1 amp

BATTERY CHARGER:

- 13.5/27 VDC, 500 mA

CABINET:

- 12" x 12" x 4", 18 GA
- 305 x 305 x 102 mm

ACCESSORIES:

- 2-679-0661 - 5 Amp hour battery backup
- 2-679-0662 - 12 VDC output regulator module
- 2-679-0664 - Universal relay module
