REVERSIBLE**

Indicator Lock Company

C5FA-L

These locks are NON-REVERSIBLE.

Seeking some rustic warmth or a boho vibe? The oil rubbed bronze provides the organic and earth inspiration you need.

Our all-in-one handle and indicator is easily installed with just a screwdriver. Vizilok indicator locks automatically display "in use" or "vacant" when locked or unlocked.

We provide a replacement if you bought the incorrect sided lock.

Please, contact us by email for RMA # and return address.

ADA Compliant Commercial Grade Privacy Vizilok-Indicator Lock and Lever in Oil-Rubbed Bronze- Left Handed.

Patent Pending.

The long-awaited new ADA compliant model, in our most popular finish. This lock is opened with a simple touch by simply pushing the lever down. For standard duty commercial application.
