EAR PROTECTION - DISPOSABLE EARPLUGS

Ultra-Soft Foam Earplugs, Packaged in a Convenient Dispenser Box - 200 Pair Per Box

40205 Four Assorted Colors
(Orange, Yellow, Green, Blue)

32dB Highest Noise Reduction Rate

Features:

- Made with super low-pressure, slow release, Comfy Cush Comfort Foam.
- With a Noise Reduction Rating (NRR) of 32 decibels, these versatile, noise blocking earplugs are great for studying, work, travel, concerts, relaxation, motorcycling, loud events, etc.

HOW TO USE

STEP 1

ROLL

Clean your hands then start rolling gently one earplug between your thumb and fingers to avoid crumples. Then firmly roll to make it as small & stiff as possible. Move quickly to step 2 before the foam expands.

STEP 2

PULL

With your other hand pull the top of your ear up and back to open your ear canal.

STEP 3

INSERT

While pulling your ear insert the rounded tip first and far enough. This can feel sensitive and it is normal.

STEP 4

HOLD

With forefinger hold earplug in place for about 30 seconds for the ultra soft foam to expand and form a snug fit.

CORRECT FIT:

The flat side of the earplug should be flush with the opening of your ear canal and not visible when you look at yourself in the mirror.

WRONG FIT:

The flat side of the earplug extends beyond the opening of your ear canal and is visible when you look at yourself in the mirror.

EAR PROTECTION - REUSABLE CORDED SILICONE EARPLUGS

32dB Highest Noise Reduction Rate

40206 - 2 Pcs / Plastic Case

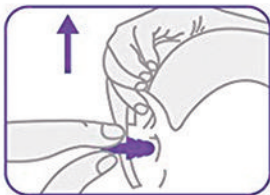

40206BX - 200 Pairs Per Box

Reusable Silicone Waterproof Corded Ear Plugs

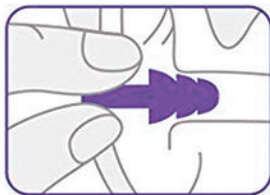

Features:

- Protect your hearing 32 (noise reduction level), use these versatile, noise blocking earplugs to avoid hurting your ears
- Health and environmental protection: Made of soft silicone material, the design is super comfortable and can adjust your ears. These reusable earplugs are comfortable even when worn for a long time. They are water resistant and can be cleaned and reused.
- Simple structure: Each pair of earbuds comes with a waterproof nylon tether to prevent loss and reduce the time you spend looking for earplugs. Equipped with a mini plastic case, it can be conveniently stored and carried around.

HOW TO USE

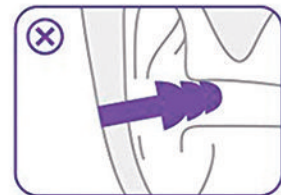

While holding the stem, reach the opposite hand over your head & gently pull top of your ear up & back

Insert the ear plugs so all flanges are well inside your canal

Adjust for best noise reduction

Improper fittings will reduce effectiveness

EAR PROTECTION - REUSABLE SILICONE EARPLUGS

32dB Highest Noise Reduction Rate

40207 - 2 Pcs / Plastic Case

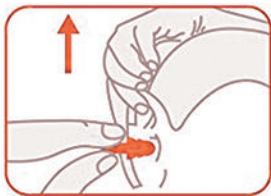

40207BX - 200 Pairs Per Box

Reusable Silicone Waterproof Ear Plugs

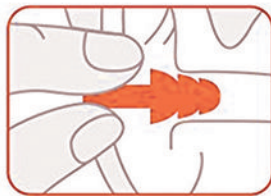

Features:

- The ear plugs come with a case that you can carry it around with you wherever you go. The practical storage case is going to keep your earplugs clean and within easy reach.
- Perfect shape fits most normal ear sizes of women and men. Ear plugs length is designed for different depth of ear canal.
- Made with hypoallergenic, medical grade silicone, these ear plugs are soft and nontoxic, so they are comfortable and safe to use, washable and reusable.

HOW TO USE

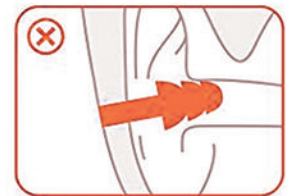

While holding the stem, reach the opposite hand over your head & gently pull top of your ear up & back

Insert the ear plugs so all flanges are well inside your canal

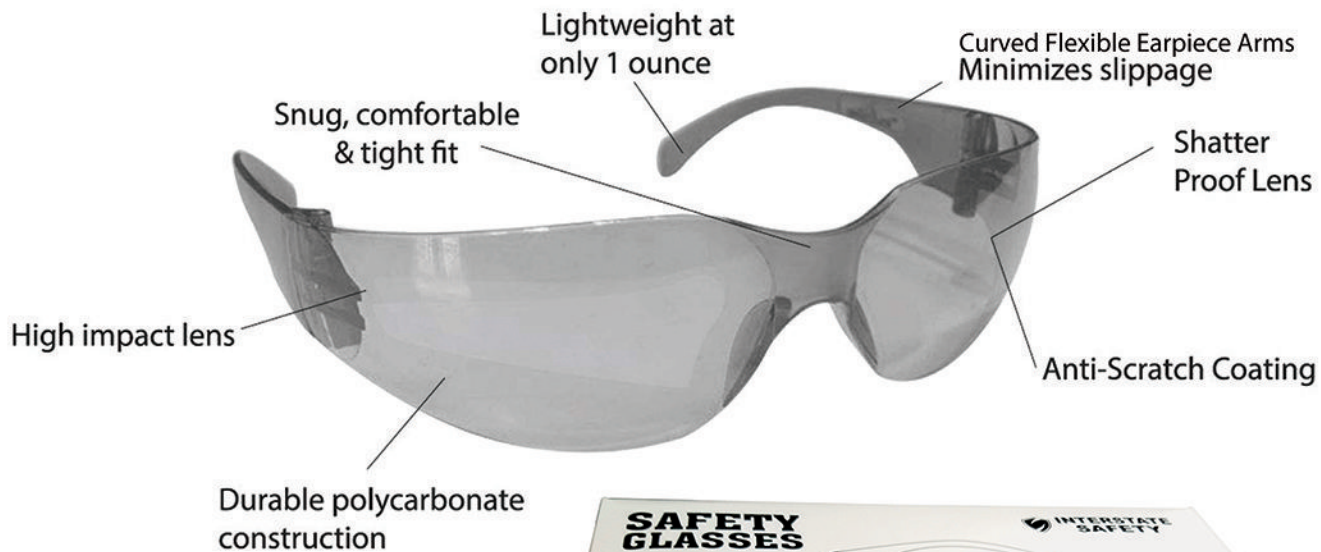

Adjust for best noise reduction

Improper fittings will reduce effectiveness

POLYCARBONATE IMPACT RESISTANT SAFETY GLASSES

ANSI Z87.1-2015

40251 - Clear Frame & Lens (Single Pair)

40251-12BX - Clear Frame & Lens (12/Box Packaging)

40252 - Smoke Frame & Lens (Single Pair)

40252-12BX - Smoke Frame & Lens (12/Box Packaging)

Features:

- Frameless, anti scratch lenses for optimum vision
- Lightweight frame, weighs less than 1 oz
- Polycarbonate lens exceeds ANSI Z87.1 standards, coated for scratch resistance and UV protection
- Contoured, flexible, Non-Slip temples for comfortable fit

Easy Cleaning and Maintenance:

Clean using lens cleaning towelettes or use a dry, or damp microfiber cloth to avoid potential loss of the anti-scratch features.

DISPOSABLE PARTICULATE RESPIRATORS

40351

N95 Disposable Dust Masks NIOSH-Certified Particulate Respirator - (20-Pack)

Features:

- NIOSH approved for at least 95 percent filtration efficiency against certain non-oil based particles
- Two-strap design with welded dual point attachment helps provide a secure seal
- Cushioning nose foam
- Lightweight construction promotes greater worker acceptance and may help increase wear time
- This N95 dust mask can be used for woodworking or painting at home or by professional carpenters, contractors, or lawn care specialists.
- Special filter material is designed for ease of breathing
- Protects respiratory system while grinding, sanding, or bagging
- Not recommended for asbestos or sandblasting protection

Note: Breathing hazardous particles can pose a risk to your health. NIOSH, a Federal government regulatory agency, has tested and approved the INTERSTATE SAFETY Particulate Respirator, which is designed to help reduce exposure to certain airborne particles.

HARD HATS / EARMUFFS

40401 - Yellow Color

40411 - White Color

Front Brim Hard Hat / Safety Helmet, Snap Lock 6 Point Ratchet Suspension with Cap-Mount Ear Muff Slots - 6-1/2" to 8" Headband Size - Yellow Color

Features:

- ANSI compliant when worn in the forward and reverse positions
- Low profile hard hat for improved stability & balance
- Comfortable suspension sits lower on head to reduce pressure points and increase security
- Lightweight protection and durability for extended comfort
- Quick ratchet adjustment system with 6-point suspension
- High density polyethylene construction

Specification:

- Type 1, Class E, G, and C
- Headband sizes: 6-1/2" – 8"
- Material: HDPE
- ANSI: Z89.1 - 2014

ANSI: Z89.1 - 2014

6-Point Impact Absorbing Suspension for Added Safety

Easy Knob Adjustment

40402 - White Color

40408 - Yellow Color

40409 - Blue Color

40410 - Red Color

Full Brim Hard Hat / Safety Helmet, Snap Lock 4 Point Ratchet Suspension - 6-1/2" to 8" Headband Size

Features:

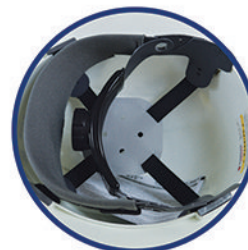

- Lightweight, yet rugged high-density polyethylene construction provides excellent protection & comfortable wear
- Comfortable, 4-point suspension with vertical height adjustment assures a personal, secure fit
- Comfortable suspension sits lower on head to reduce pressure points and increase security
- Ratchet suspension adjusts size quickly and easily
- Full brim design offers added protection against rain, sun, and snow

Specification:

- Type 1, Class E, G, and C
- Headband sizes: 6-1/2" – 8"
- Material: HDPE
- ANSI: Z89.1 - 2014

ANSI: Z89.1 - 2014

4-Point Impact Absorbing Suspension for Added Safety

Easy Knob Adjustment

HARD HATS / EARMUFFS / RACHET SUSPENSIONS

40403

Sweatband for Hard Hat / Safety Helmet

Features:

- Instantly Absorbs/Wicks Sweat Away: Keeps sweat out of your eyes, safety glasses & goggles or protective eyewear
- Sweat Stain Prevention: Helps prevent NASTY Sweat Stains on your headwear.
- Comfortable: Thin, soft, and lightweight
- Hypoallergenic: Helps prevent acne & skin irritation

Specially used with our hard hats
Models 40401,40402,40408,40409,40410,40411

40404

4 Point Ratchet Suspension for Hard Hat / Safety Helmet

40405

6 Point Ratchet Suspension for Hard Hat / Safety Helmet

Features:

- Comfortable Impact-Absorbing 4 & 6 Point Woven Nylon Suspension
- Smooth ratchet rotation and secure hold
- Ratchet comfort pad contours to the back of the head to improve airflow and prevent hair-pulling
- Adjusts to Head sizes 6.5" to size 8"
- Easy Knob adjustment

Specially used with our hard hats
Models 40401,40402,40408,40409,40410,40411

40406

Cap Mounted / Hard Hat Attachable Earmuff

29 dB NRR - ANSI S 3.19

Features:

- Attaches comfortably and easily fits most slotted hardhats
- Stainless steel band construction resists bending and warping to offer consistent pressure over prolonged wearing periods
- Earcup pivot points title for optimum comfort and efficiency
- Bread foam cushions provide low surface pressure
- NRR independently tested to ANSI S 3.19 / CE EN352-3 for protection you can count on
- NRR 29 dB

Recommended industries: Aviation, farming, construction, lumber, steel, transportation, military, law enforcement, manufacturing, sporting, DIY projects, general contracting.

29 dB NRR - ANSI S 3.19

Can also be used with our
hard hat Models 40401, 40411

40407

4-Points Adjustable Chin Straps for Hard Hats

Features:

- Non-metal chin strap keeps helmets in place
- Flexible construction and adjustable design for long wearing comfort
- For use with Interstate Safety Helmets

BACK SUPPORT BELTS

Economy Double Pull Elastic Back Support Belt with Adjustable Shoulder Straps

Size Chart:

- **40150-S:** 30" ~ 36" (Waist Circumference)
- **40150-M:** 36" ~ 40" (Waist Circumference)
- **40150-L:** 38" ~ 47" (Waist Circumference)
- **40150-XL:** 46" ~ 56" (Waist Circumference)

Use one of these ("-S", "-M", "-L", "-XL") letter designation for the waist size when you order

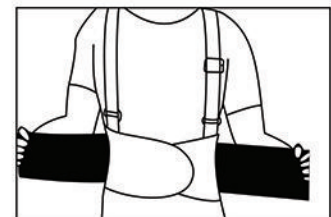

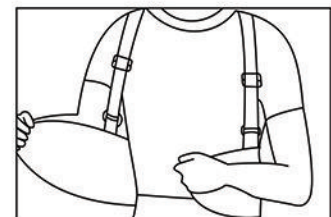

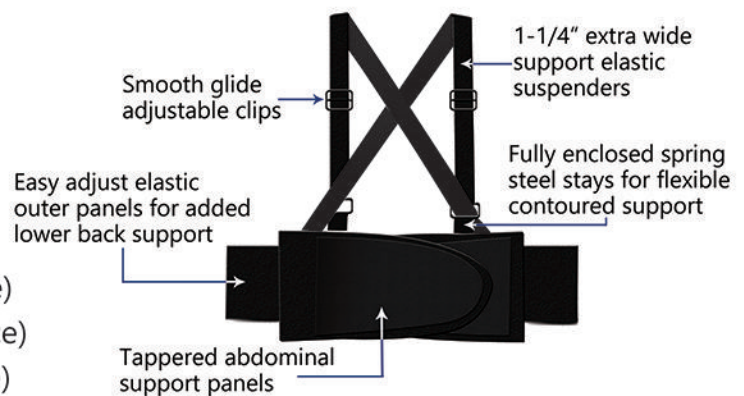

Features:

- High quality back support belt; Used for work, sports & everyday activities to provide support & reduce unwanted twisting of the spine
- Protects the spine from injury and unnecessary stress
- The mesh micropores ensure air penetration, with heat and sweat dissipation
- Removable knit suspenders enhance comfort during use minimizing strain on the groin area. Ideal for daily use during work
- Prevents chronic back pain, treats lumbar strains, muscle strains, pain from over use and develop better back posture for sitting and working. Specifically designed for industrial use

Applications:

The lumbar support back brace is great for:

- People who are involved in heavy work like lifting weight.
- People who are always sitting in front of the computer or doing the daily chores.
- Older people who need support or feel painful on their back or waist

6" Nylon Back Support Belt

Size Chart:

- **40152-M:** 34" ~ 40" (Waist Circumference)
- **40152-L:** 36" ~ 42" (Waist Circumference)
- **40152-XL:** 38" ~ 44" (Waist Circumference)

Use one of these ("-M", "-L", "-XL") letter designation for the waist size when you order

Features:

- Nylon Material & Nylon thread stitching for durability and longevity
- Features heavy gauge plastic buckle for customized fit
- Allows for custom fit and adjustable compression to abdomen and lower back, especially when the back-brace material starts loosening
- The back-support belts suitable for multiple activities like Running, Climbing, Car driving, Jogging etc.
- Provides safe protection for the waist. Commonly used by people suffering from back pain, lower back and lumbar pain, sciatica, tendonitis, stiff or sore muscles

HEAVY-DUTY FOR INDUSTRIAL USE

Part# 40301 (L Size)

Part# 40302 (XL Size)

Features:

- Nitrile for Extreme comfort, Non-Sterile Durability, Powder-free, Hypoallergenic
- Superior Strength, Puncture Resistant, Ambidextrous gloves, maintaining Tactile Feel
- Snug fit from protective lining and features Powder Free, Latex Free, and Ambidextrous
- Great for Industrial use, Cleaning around the house. Law Enforcement, Maintenance and Cleanup, Tattoo Industries gardening, machine shop, food and beverage use
- Micro-textured for maximizing gripping power; Textured finger tips for great gripping strength for wet or dry applications
- Extra protection, Better Puncture Resistance than latex or vinyl, Smooth interior finish for easy donning
