Key Tower

The Jet Key Tower Display is the perfect way to merchandise your key duplicating service to your customers. The attractive, colorful header towers over 40-inches above the counter, making it easily seen from points throughout your store.

The four-sided rotary key display rack features 342 key blank hooks and allows for quick, easy selection and duplication of key orders. Preprinted location cards slip behind the hook racks for easy placement and retrieval of key blanks, and for effective inventory control. An easily accessed storage door in the tower provides for convenient key blank storage.

The key machine, ordered separately, fits neatly into the base of the display, providing an attractive, self-contained key duplication center. The display's small foot print utilizes only 2 square feet of counter space.

Size: 20" W x 39" H x 17 1/2" D

Front cut-out height 10" (dimensions approximate)

PBA-176 Key Tower "7001" Assortment

***Get The Jet Advantage:
The Finest Nickel Silver
Key Blanks Available Today!***

***World Class
Precision and Quality***

World Class Precision and Quality

Precision key blanks made of nickel silver have superior physical and mechanical properties with high tensile strength. This type of key blank has a stronger resistance to corrosion and wear, and presents an attractive appearance with its fine silver polish..

Jet's Silver Line meets the accuracy requirements for both master keying and duplication. For the master locksmith who originates new systems or maintains existing systems, using either accurate wheel type cutters or the new punches, all keys will be perfect every time.

The Silver Line key bows are coined, embossed and designed to create the appearance of the originals. They are polished to a fine finish using a special new process. Look for our black, gold and silver key blank box... it's your guarantee of the finest nickel silver key blanks available today.
