### Ordering Instructions

Once the series of sliding door hardware has been identified by confirming your project's door weight and the door thickness, the next step is to go to the series page.

**Option 1: Complete Package Sets**  
Order a package set that has your required door opening length. The package set includes the noted track length and hardware for installation, along with installation instructions.

**Option 2: Tracks and Parts Bags**  
Order from the Tracks and Part Bags section. Choose the correct track length. Most tracks may be cut-to-size

in the field. Then choose the correct part bag based on the number of panel doors. Installation instructions are included in each part bag.

**Individual Components**  
Bulk components for accessory options or replacement parts are available.
