Beltrac® 3000 Series

Product innovation engineered for the real world.™

Features & Benefits:

Premium Post Design

- One-piece, continuous construction.
- Belt mechanism is completely concealed within post.
- Belt mechanism is easily field replaced.
- Post can receive all major manufacturer's belts.

4-Way Dovetail Connection

- Standard 4-way connection allows post to deliver one belt while simultaneously receiving three belts or accessories.
- Belt ends connect to all major manufacturers' posts.

Superior Base Design

- Weighted steel base for superior stability.
- Factory applied, slotted rubberized base protects flooring and promotes air flow, allowing wet floors to dry quickly.
- Optional galvanized base for outdoor use.

Slow Retracting Belt

- Unique, centrifugal belt-braking system ensures a slow and safe retraction.

Beltloc™ – Automatic Belt Locking Option

- Optional metal lock prevents accidental release of belts.
- Locks post-top signs and accessories in place.

NeXtrac® Ready

- Easily add accessories to create flexible, in-line NeXtrac® merchandising systems.
- Simple, one-step grip connectors easily attach into "dovetail" grooves.

Warranty

- 5 years on posts.
- 3 years on mechanism.

Traditional Posts

Classically styled to elegantly guide the public.

Features & Benefits:

Premium Design

- Universal connector ring accepts swag ropes and chains from any direction.
- Classic & modern styles complement any décor.
- Hand-polished solid brass and stainless steel. LIDO-Tone® available on some posts.
- Most posts can be used with permanent or removable installations.

Superior Construction

- Heavy-duty steel base* accepts provides exceptional stability.
- Factory applied, slotted rubberized base protects flooring and promotes air flow, allowing wet floors to dry quickly.**
- Titanium (brass/gold finish) or stainless steel cover plate resists dents and scratches.

Ropes

- Standard 1½" diameter velour or vinyl, and 1" or 1½" twisted poly swag ropes.
- Densely packed cotton core on velour and vinyl ropes for added strength.
- Lightweight foam-core ropes are perfect for outdoor use.
- Available in a variety of colors up to 12 feet in length.

Chains

- Effective for high traffic and/or outdoor areas such as theme parks, stadiums and arenas. Available in stainless steel, polished chrome and polished brass finishes.

Signage-Ready

- Premium radius-corner sign frames in a variety of sizes and finishes can be added by simply removing the post-top finial.

Warranty

- 5 years on post.

*Except the Tulip Post and any flat-based post.
**Tulip base is unnotched.

Products for People and the Places They Go®

Digital Belt Imprinting

High-impact, in-line branding and promotion.

Lavi Industries is pleased to offer full-color digital belt imaging to our customers. With this technological advancement in belt imprinting, Lavi customers can imprint belts with full-color, photographic images. Our superior imaging techniques produce colors that are rich and vibrant and text that is readable at smaller sizes.

Our Graphics Team is standing by, ready to answer any questions you may have about producing art that will take full advantage of this process. We can also produce custom art to your specifications. Please contact your sales representative for more details and pricing.

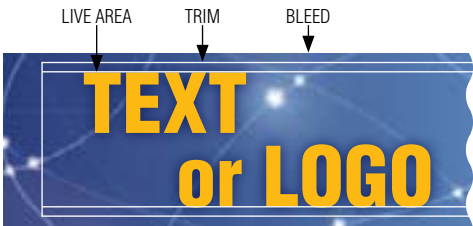

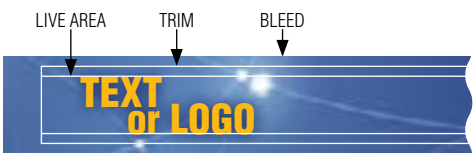

File Format:

Full-size, full-color RGB or CMYK art at 150dpi in MAC or IBM formats. All text must be converted to outlines. Please embed any icc profiles associated with the file. Please do not send jpeg art or pdf documents.

Vector art: .ai or .eps files only

Raster art: .psd, .tif, or .eps formats.

Standard 2" x 7' Belts:

Trim: 2" x 84"

Bleed: 2 1/2" x 86" Includes 1/4" bleed top and bottom and 1" bleed on sides.

Live Area: Please keep all logos and important text a minimum 1/4" from top and bottom trim.

Standard 2" x 13' Belts:

Trim: 2" x 156"

Bleed: 2 1/2" x 158" Includes 1/4" bleed top and bottom and 1" bleed on sides.

Live Area: Please keep all logos and important text a minimum 1/4" from top and bottom trim.

Deep 4" x 10' Belts:

Trim: 4" x 120"

Bleed: 4 1/2" x 122" Includes 1/4" bleed top and bottom and 1" bleed on sides.

Live Area: Please keep all logos and important text a minimum 1/4" from top and bottom trim.

Color Matching:

We are able to match most PMS colors within acceptable tolerances. There is an added fee for PMS color matching. There is no extra charge for Lavi standard color belts. Additional charges may apply to jobs that do not meet above specifications.

44-570MG/AB			Satin Stainless Steel	Magnetic Base Traditional Post with adhesive-mounted floor plate.				
40-570MG/AB			Polished Stainless Steel					

Strength and Flexibility

- Strong magnetics keep post firmly in place.
- Quickly removes from floor plate whenever necessary.
- Stainless Steel floor plate affixes to floor with a strong adhesive—no bolts or core drilling required.
- Small footprint (7 1/2" diameter) offers a clean, contemporary look and maximizes floor space.
- Available in polished or satin stainless steel.

Includes:

- One stainless steel Floor Plate.
- One heavy-duty, slim profile Magnetic Base.
- One Rubber Insert for mounting to post.
- One Cover Plate.
- One double-sided adhesive sheet.
- Post sold separately.

Best practice for post placement and removal: When placing a post on a receiver plate, the operator should place the edge of the base up to the edge of the plate and rock it into contact in a controlled manner, so as not to allow the post to slam down. This will extend the life of the product both functionally and aesthetically. Consider the direction of the belt when aligning posts, prior to installation.

Transport Carts

Innovation in Public Guidance Storage and Deployment

Features & Benefits:

Convenient Storage

- Post transporters store 9 or 16 Public Guidance posts in a small footprint.
- Easy storage even in tight places.
- Aesthetic design allows for storage in visible locations.

Rapid Deployment

- ShuttleTrac® carts quickly link together to form an easily pulled “train”.
- Quickly deploy the right amount of posts when and where you need them.
- Carts are simply connected and disconnected, making deployment over large areas practical and easy.
- Labor cost savings – One person can easily handle a large amount of posts.

Quick Assembly

- Easily assembled in the field from minimal parts.
- Small shipping box for easy initial handling up to deployment area.
- May be shipped via small parcel carriers for substantial savings on freight.

Durable Construction

- Custom molded parts from high-density plastics.
- High strength-to-weight ratio.
- Minimal parts.
- Eliminates the need for bumpers.

The JetTrac™ Family of Products

Providing instant safety for large areas.

Features & Benefits:

NEW! JetTrac Shuttle

- Stores and transports up to three JetTrac Satellite or Receiver posts for an instant barrier of up to 260 feet long!
- Shuttle carts quickly link together to form an easily pulled "train".
- Convenient storage even in tight places.
- One person can quickly deploy a large-area barrier where most needed.

NEW! JetTrac Satellite Post

- Instantly add an additional 65' coverage into your safety zone.
- Works seamlessly with all of our JetTrac products.
- Heavy base for added stability.
- Conveniently stores and transports in our JetTrac Shuttle.

NEW! JetTrac Receiver Post

- Instantly add a belt receiver into your safety zone.
- Works seamlessly with all of our JetTrac products.
- Heavy base for added stability.
- Conveniently stores and transports in our JetTrac Shuttle.

JetTrac Dual

- An instant barrier, with two belts that extend up to 65' for a total of 130 linear feet. Clearly defines safe zones for large areas!
- Swiveling belt mechanisms allow for belts to extend in any direction, minimizing belt abrasion.
- Belts are weather-resistant, anti-static.
- Tubing is available in choice of Red or Black.
- Optional reflective safety tape to provide increased visibility in low-light conditions.

JetTrac Wall-Mount

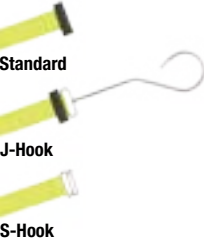

- Create a convenient, always available barrier over an extended area with our swiveling wall-mount.
- Extends up to 65 feet!
- As with all JetTrac products, belts are weather-resistant and anti-static.

The JetTrac™ Family of Products

Providing instant safety for large areas.

Hinged Framed Panels

Versatile and Convenient In-Line Signage Solutions

Features & Benefits:

- Featuring our smallest hinged connectors to date, virtually concealed once slotted into the post grooves.
- Hinged connections allow panels to be angled in any direction, offering flexibility and versatility.
- Durable yet lightweight aluminum construction.
- Thin frame edges offer a clean, contemporary look.
- Available with either clear panels that protect printed graphics or black 1/4" acrylic panels, ideal for creating barricades.
- Simple to replace panels or graphics with basic tools.

Hinged Framed Panels

Versatile and Convenient In-Line Signage Solutions

Choose from two finish options and two insert options in Satin Aluminum or Matte Black, frame finishes with either a pair of clear 1/8" acrylic inserts or a single 1/4" black panel.

To remove the inserts or to insert graphics, simply remove the top edge of the frame by removing the two screws at either end of the top edge with a Philips screwdriver, replacing afterward to secure the panel.

NeXtrac® In-Line Merchandising

NeXtrac® Slim Frames

Add in-line branding or advertising with these slim and trim frames!

Features & Benefits:

Our new NeXtrac® Slim Frames offer a sleek, modern way to easily add branding and advertising directly into your queues or portable partitions. The frame's profile is a mere ¾", which puts the emphasis on your media, not the frame. Graphic inserts can be easily changed out and are protected between two clear Plexiglas panels.

Designed to work seamlessly with Beltrac® 3000 posts!

- Fixed-mount frames come with a fixed attachment that slides into the dovetail groove for a seamless and secure connection. Perfect for straight in-line solutions.
- Hinged frames allow for angled panels within an in-line merchandising system.
- New Size! 24" x 44.75" size works perfectly with our In-Line Tables!

Merchandising Rack

Increase impulse sales by displaying product right in the queue!

The double-sided Candy Merchandising Rack is made up of separate components: 2 Beltrac 3000 posts, 1 open wire grid panel, 10 wire shelves and 10 plastic shelf-talker strips that will accommodate your custom graphic inserts. Can be ordered as a complete unit, or individually by component.

Features & Benefits:

- Double-sided Merchandising Rack minimizes floor space and maximizes sales per square foot.
- Keeps waiting customers engaged, reducing perceived wait times and increasing customer satisfaction.
- Easily accessible product in the queue increases impulse sales.
- Simple to set up and change out.
- Shelves can be easily repositioned, offering customized solutions for products of varying sizes.
- Works seamlessly with other inline merchandising products such as belts, signage and acrylic bowls.

Loaded with product, the Merchandising Rack creates an enticing display.

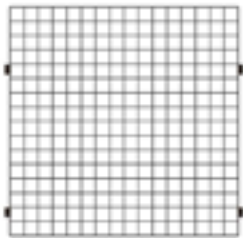

Merchandising Rack

Increase impulse sales by displaying product right in the queue!

50-MR002/BK
Instantly turns 4 linear feet into 16 cubic feet of selling space.
Complete double-sided Merchandising Rack comes with two Beltrac® 3000 Upright Merchandiser Posts in Wrinkle Black, one 4' x 4' open wire grid panel, ten 48" wire shelves and ten 48" clear plastic shelf strips.
Approximate dimensions when fully assembled: 52" high x 65" wide x 14" deep.

Also available as individual components:

50-NX102/GB
48" square, the Open Wire Grid Panel comes with fixed grip connectors that attach to any Beltrac® 3000 post. Available in Black only.

50-3002A
Beltrac® 3000 Upright Merchandiser Posts feature our patented dovetail grooves, which are ready to accept grid wall grips or belts from other posts. 40" high, 14" wide at the base. Individually, these posts are available in 19 colors.

GWBS0048/BK
48" wide wire shelves measure 6" deep to accommodate a wide variety of product.

80-PTS0048/WS
Plastic shelf talkers accommodate any custom artwork to highlight your products.

CUSTOM GRAPHICS

Custom shelf-talker graphics are available, please call a customer service representative.

Convenient Add-ons

Curved Sign attaches directly to the front of any Beltrac® 3000 post. Comes in four sizes.

Radius-corner Sign Frames attach to the top of any Beltrac® 3000 post. Many sizes and finishes to choose from.

germstar

Instant Hand Sanitizing Station

Protecting People Wherever They Go™.

- Simple to operate. Maintenance-free dispenser operates with gravity so there are no moving parts to break (requires four D alkaline batteries).
- Post-mounted drip tray catches excess solution.
- Easily attaches to any Beltrac® 3000 post.
- Also available as a wall-mount unit.
- Specially-designed 48" posts suspend the dispensing unit at the perfect height for hand-sanitizing. The drip tray may be placed anywhere along the post's dovetail groove.
- We also offer belted posts that work with your existing stanchions.

Three sanitizing solutions, each highly effective against various microorganisms including Type A Influenza Viruses (such as the H1N1 Swine Flu).**

ORIGINAL: Pleasant, fresh mint scent. Softens hands.

CITRUS: Minimal alcohol odor. Softens hands with a fresh citrus fragrance.

NORO: Formulated to maximize killing impact against the highly contagious Norovirus (sometimes called the "stomach flu"). Softens hands with a fresh mint scent.

**Solution bags are sold separately.

Instant Hand Sanitizing Station

Protecting People Wherever They Go™.

Our Instant Hand Sanitizer kills 99.9% of germs on contact, including Type A viruses such as the H1N1 Swine Flu!

- The Centers for Disease Control and Prevention reports that "in addition to regular hand washing, **an alcohol-based hand sanitizer is also effective in killing the Swine Flu virus.**"
- Hand Sanitizers must be at least 60% alcohol to be effective against Type A influenza viruses. **Our Hand Sanitizers are 63% alcohol!**
- The portable Lavi Hand Sanitizing Station provides the perfect solution where soap and water are not readily available. It evaporates right in your hands leaving a pleasant soft feeling yet killing 99.9% of germs on contact!
- The "no-touch" dispenser delivers 1,500 washings at **a cost of less than \$.015 per use.***

*Based on solution refill cost.
