

PBB Inc.

World Class hinges

PRODUCT OF FOREIGN ORIGIN STATEMENT

To our valued customer:

It is our responsibility to inform you that the products we sell in the commercial hardware market place are manufactured overseas and come from a country of foreign origin.

We have, on certain occasions requests for special markings and/or packaging from our customers and opening manufacturers (i.e. bulk packaging, break down schedules and sold under a private labeling program). We at PBB will not mislead or misrepresent our product as to where it is manufactured.

In any case, our goal is to let the ultimate user know that the products are manufactured in China. If you re-sell the products, it is your responsibility to inform your customers that the products which you buy from PBB are of foreign origin.

Sincerely,

PBB, Inc.
