Instructions	Helen - here is the updated pricing with that latest version of the edge pull - the factory does indicate about a 1-week lead time to ship these pulls - I have both of the line items of the Emtek pull as they were options of each other. Naturally you always select one of the two top two line items the shipping charges will be corrected once a final decision is made - Richard 773-809-3667 x 111
