

TRIDON® AS-1

ACCURATE SCRIBE

The Accurate Scribe is an indispensable tool for the installation of anything that requires custom fitting to an irregular surface. Especially useful for installing countertops of all types, kitchen cabinets, tile, architectural woodwork, and all types of flooring materials. Spaced back guide-legs maintain the scribe-point at a fixed and accurate spacing from the installation surface. Trimming to the scribed line assures conformity to the surface.

TRIDON IS A REGISTERED TRADEMARK OF TRIDON CORP.
