

NOTES:

1. Do not scale drawing.
2. It is suggested that a divider be placed around the pan and that the height be equal to the height of the cover pan.
3. For additional installation details see template CH20630.
4. Set cement case 1/8" lower than depth of cover pan ordered. Use cover pan to facilitate installation of cement case.
5. All dimensions are in inches.

CAUTION: Prevent grout from collecting between the closer and cement case in the event it may be necessary to remove the closer after the grout is set.
