## SARGENT Introduces the Touchbar Monitoring 55- Retrofit Kit

We are excited to announce our Touchbar Monitoring Retrofit Kit, designed to make the Request to Exit (55-) option available for all rail sizes. The kit is also compatible with Latchbolt Monitoring (53-) and Lever Monitoring (54-) options, offering enhanced flexibility. Each kit comes complete with the necessary harness assembly.

### How to Choose the Right Touchbar Monitoring Retrofit Kit:

Use the chart below to select the correct kit based on your rail size and existing options:

Kit #	Option	Rail Size	Compatible Options
PE-2958	55-	E/F	53-
PE-2959		J/G	53-
PE-2960		E/F	53-/54-
PE-2961		J/G	53-/54-
PE-2962	55-ERM	E/F	53-
PE-2963		J/G	53-
PE-2964		E/F	53-/54-
PE-2965		J/G	53-/54-

Note: 53- (Latchbolt Monitoring) chassis assemblies and 54- (ET Lever Monitoring) trim sold separately.
