Schlage Full Size & Small Format Interchangeable Core Available with Falcon MA Series

Schlage Lock is pleased to announce that the Schlage Full Size and Small Format interchangeable core is now available for the Falcon MA series lock. Schlage will continue to support the installed Falcon M series, but now has the capability to be integrated with the new Falcon MA series. The image depicted below illustrates the cam and installation.

The Schlage FSIC/SFIC cylinder can be ordered with the Falcon MA Series cam at no additional cost.
(NOTE: This option is not available for the Falcon MA381 function)

ORDER INFORMATION

There is no add-on charge when the B520-698 is ordered with a cylinder assembly.

Key Contacts: *Please contact Schlage technical service or your local sales representative for additional information.*
